DELUXE FLOWERS FOR 1955

SPECIAL OFFER NO. 55

One Pkt. of each of these
Five Grand Flowers for 50c.

F505—AMERICAN BEAUTY ASTERS

Giant American Beauty Asters

—Will Resistant—

F505—This is a superb strain of truly giant flowered Asters that will produce flowers rivaling Chrysanthemums in size and beauty. The vigorous plants produce flowers 4 to 5 in. across and are borne on stems 2 to 3 ft. tall. Will last for 10 days when cut and bloom until hard frosts. White, Rose, Lavender, Shell-pink, Purple and Mixed Colors. Pkt. 12c; 1/2 oz. 35c; 1 Pkt. of each color for 40c.

F719—FLORIBUNDA SWEET PEA

Cuthbertson Floribunda Sweet Peas

Resistant to Heat and Drought. Tall Vigorous Vines. Five to Eight Flowers on a Stem. Bloom from Early Summer until Frost.

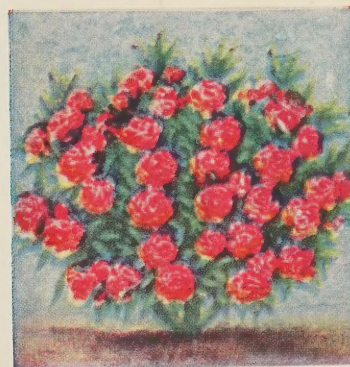

F719—A highly improved strain of the popular Cuthbertson Sweet Peas developed under the direction of Frank G. Cuthbertson. Retains the vigor of the original stock and in addition it has longer stems and often as many as six or more large flowers on a stem. They are remarkably resistant to heat and drought and will bloom over a long period. We offer superb mixed seed grown for us by the originator. Pkt. 15c; 1/2 oz. 50c.

Giant Hybrid Zinnias

F772—The exquisite beauty of these lovely Zinnias is hard to describe. The immense ruffled and fluffy flowers grow up to 6 in. across and very much resemble chrysanthemums. They come in a gorgeous blend of color and will bloom from early summer until frost. The sturdy plants grow to a height of 2 1/2 to 3 ft. and bear the giant blooms in great profusion. Pkt. 15c; 1/2 oz. 35c.

Dwarf Double Hybrid Nasturtiums

F641—Now you may have these wonderful sweet scented double Nasturtiums in a wide range of color in true bush form. The plants will grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. Pkt. 10c; 1/2 oz. 18c; oz. 30c.

F532—BUSH BALSAM

Double Bush Balsam

Rival Roses in Beauty. Bloom from July till Frost. Not Bothered by Insects or Disease. Sure to Bloom.

F532—GARDENIA FLOWERED—A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 15c; 2 pkts. 25c.

F641—DOUBLE HYBRID NASTURTIUMS

F772—GIANT HYBRID ZINNIAS

JUNG'S SEED ANNUAL for 1955

J. W. JUNG SEED COMPANY

Quality Seed Growers • Randolph, Wisconsin

A-1330 RED RICH STRAWBERRY

The New "Red Rich" Everbearing Strawberry

Large in Size. Handsome Appearance. Excellent Quality. Heavy Yields.

A1330—This wonderful new everbearing strawberry when planted in early spring will start bearing in July and will continue until heavy frosts. It is a truly grand strawberry as the plants are unusually vigorous and will produce a crop of the biggest, reddest and sweetest berries you ever saw. Berries are very large, solid and firm clear through and unusually sweet. For table, canning or freezing it is one of the best and won't mush up when thawed. Here is an everbearing strawberry that will produce just as large a crop as the regular June bearing varieties and for quality will surpass them all. A rugged grower and heavy producer of truly superb strawberries. Heavy Vigorous Plants: 12 for \$2.95; 25 for \$5.00; 50 for \$8.50; 100 for \$15.00.

A-1346 JUMBO STRAWBERRY

"JUMBO" The Giant Springbearing Strawberry

Mammoth in Size. Extra Heavy Yields. Vigorous Plants. Handsome in Appearance. Superb Quality.

A1346—"Jumbo" has everything that you would demand in a main-crop Strawberry for size, yield, appearance and quality. Has proved to be one of the highest yielding varieties and is superior for canning, freezing or table use. It is deep red all through and the large berries are filled with rare goodness. 25 for \$1.75; 50 for \$3.25; 100 for \$5.00; 500 for \$21.00.

GIANT WASHINGTON ASPARAGUS

P1700—This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years work by the U. S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some extra heavy 1-year roots this year, these will start easier and give even better results than many 2-yr. plants. 25 for 95c; 50 for \$1.75; 100 for \$3.40.

"CANADA RED" Pie Plant or Rhubarb

P1792 — Pie plants should be in every garden as they are the first plant in the spring to produce material for pies, sauce and canning. This grand variety produces large stalks that are dark red clear to the heart, makes sauces as red as strawberry jam, very sweet so does not require as much sugar as ordinary kinds. Strong divisions. Each 65c; 3 for \$1.45; doz. \$5.25.

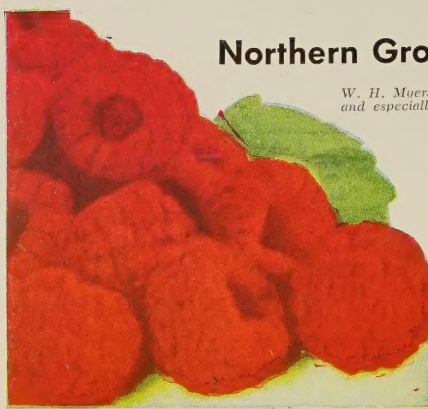

P-1700 WASHINGTON

Mrs. E. Clossing, Wis.—Am highly pleased with the Pie Plant, Strawberries and Peonies you sent me, every plant grew.

P-1792 PIE PLANT

Northern Grown Raspberry Plants

W. H. Muers, Ohio—Have wonderful results with all your seed and especially the raspberries.

A-1312 SEPT. EVERBEARING RASPBERRY

New Everbearing Raspberry "SEPTEMBER"

A1312—The greatest fault with other everbearing Raspberries was that the fall crop came on too late and often did not mature before hard frosts. The new variety is fully two weeks earlier and usually starts bearing the second week in September and then continues until hard frosts, it is also a better yielder than the varieties now in general use. Fruits are very large in size, deep red, very firm, sweet and very well suited for eating fresh, canning or freezing. The canes are very robust and vigorous and after once becoming established will produce two crops each year. We have only a very limited stock of plants to offer this year. 6 for \$1.00; 12 for \$1.75; 25 for \$3.35.

A-1310 JUNE RASPBERRY

Thornless Red Raspberry "JUNE"

Ripens Early. Thornless Canes. Does Not Spread. Large Berries. A1310—A new Red Raspberry originated at the Univ. of Wis., which ripens fully 10 days earlier than Latham and is a remarkably good yielder of large, fine quality berries. However its great merits are that the canes are practically thornless and it will not spread like other varieties. It excels in earliness, yield, quality and hardiness. We have only a limited quantity of these plants to offer this year. Strong Select plants of our growing: 6 for \$1.25; 12 for \$2.35; 25 for \$4.25.

A-1315 LATHAM RASPBERRY

"LATHAM" Giant Red Raspberry

A1315—By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for 85c; 12 for \$1.50; 25 for \$2.90; 100 for \$10.25.

A-1318 SODUS

Purple Raspberry "SODUS"

A1318—Far superior to Columbian as the berries are larger, of better quality and the plants are harder. Plants are vigorous and bear an unusually large crop. Will not spread from roots or shoots. Strong 2-yr. plants: 6 for \$1.60; 12 for \$3.00; 25 for \$5.90.

Cumberland

Giant Black Raspberry "CUMBERLAND"

A1320—This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor in growth and is as hardy as any variety grown. Fruit is jet black and of extra quality. By far the best results in growing Black Raspberries have been obtained from 2-yr. or transplanted plants. We are now offering 2-yr.-old plants at prices very little more than was formerly charged for inferior 1-yr. plants; bear this in mind when comparing prices. Heavy 2-yr. Plants: 6 for \$1.35; 12 for \$2.65; 25 for \$4.85.

Black Raspberry "BRISTOL"

A1322—This grand new "blackcap" produces mammoth sized berries almost an inch in diameter, jet black in color and of superb quality. Grows strong vigorous bushes, highly resistant to disease and bears a heavy crop of fruit. Plants root deeply so are resistant to drought and will produce a crop even in dry years. Strong 2-yr. bearing age plants: 6 for \$1.65; 12 for \$3.00; 25 for \$5.25.

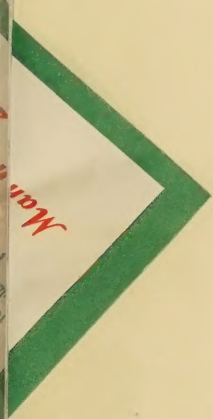

A-1322 BRISTOL RASPBERRY

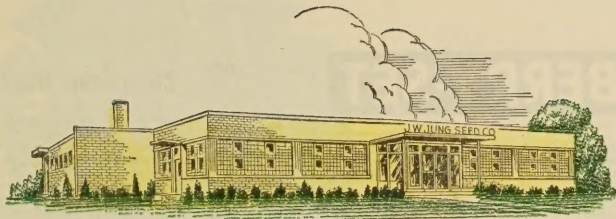

Berry-Set

M40—Makes berries grow much larger, meatier, sweeter and most luscious tasting. Increases yields and plants bear for a long time. 1 oz. (makes 4 gal. spray, enough for the average garden) 50c; 3 oz. \$1.00.

WISCONSIN'S LEADING MAIL-ORDER SEED HOUSE

To Our Customers, Our Friends:

As this message is being written, December 6th, the countryside is covered with a beautiful mantle of white snow, nature appears at rest, and no one seems to have the gardening "urge" or spirit.

However after festive holidays are over, the days lengthen and the sun going higher those of us who love nature, gardens, fields and flowers will envision our outdoor activities for the coming year.

One of the prime requisites will be seeds, bulbs, plants and shrubs, and unless you have good dependable things to plant all your efforts will be in vain.

Supplying our customers with the best to be had at reasonable prices has been the main objective of this organization since it was started 48 years ago.

Today we number our customers by the thousands in all parts of the U.S. and the fact that they buy our products year after year is the best evidence that they are satisfied.

To these people we need no introduction but to those who have not ordered from us before, we assure you that you will receive honest treatment and your orders will be filled with seeds, bulbs, plants and shrubs as good as nature and human effort can provide.

Our new home, illustrated above is unique and the only one of its kind in America. Here under one roof we have our offices, printing plant and complete facilities for filling all orders. A branch postoffice is located in this building to facilitate the rapid dispatch of all orders.

Our thanks are herewith extended to our kind customers for the thousands of orders sent to us this past season; they set a new high record.

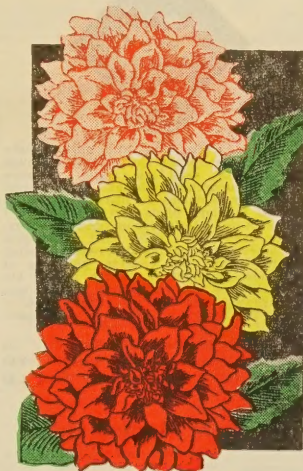

We assure you that no effort will be spared to send you even better seeds, bulbs and plants this coming season so you may have a year of pleasure, bounty and profit from Jung's products.

J. W. JUNG SEED CO.

Dickinson's Humus inoculation

Will Increase Your Crops of Beans, Peas and Sweet Peas

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crops, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas larger and finer flowers will be had. Peas larger and finer flower will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. M10—Garden size Pkt. (enough for 10 lbs. of seed) 15c; 2 for 25c; M15—Bu. size of Beans or Peas 50c.

JUNG'S GIANT FANCY DAHLIAS

Jung's Giant Fancy Dahlias

B874—Here is a grand assortment of fine large flowered double Dahlias at a bargain price. Now you can have a row or bed of Dahlias that will delight you with their size and beauty. A grand assortment of colors and whether you order six or a dozen no two will be alike. Extra Select Tubers: 3 for 85c; 6 for \$1.45; 12 for \$2.65.

How to Grow

The Finest Vegetables and Most Beautiful Flowers

Detailed information on planting and caring for flowers and vegetables is contained in our booklet written by J. W. Jung from his actual gardening work.

No charge is made but a copy will be sent with every order of \$1.00 or more if requested on your order. The information contained therein will be of much help to you in planting and caring for your garden.

TRANSPLANTONE

Reg. U. S. Pat. Off.

Increases Root Growth. Makes Stronger and More Vigorous Plants. Bigger and Better Crops.

M70—This is a preparation of root forming hormones and Vitamin B1 and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little set-back from transplanting. One ounce dissolved in water will make ten gallons of solution, simple instructions will be found on every package, 1/2 oz. (enough for small garden) 25c; 3oz. \$1.00; lb. \$4.00.

—Treated

—Not Treated

Not Treated

F. H. Tait, Minn.—For years I have ordered and used your vegetable and flower seeds and plants. I have always been satisfied and do not hesitate to recommend your products to others.

Superfection

Everbearing Strawberry

Heavy Yielder, Superb Quality, Large Berries.

A1334—This everbearing strawberry surpasses for yield, quality and size of berries. The strong vigorous plants will produce a good crop of fruit this year when planted on good soil and moisture is normal, they usually start ripening in August and will continue until frost. The berries are very large, rich red in color and remarkably sweet and delicious. One of the best of the everbearing strawberries. 25 for \$1.65; 50 for \$3.00; 100 for \$5.75; 500 for \$22.50.

20th CENTURY EVERBEARING

20th Century Everbearing Strawberry

Giant Sized Berries. Vigorous Plants. Superb Quality.

A1332—Another new Everbearing Strawberry that has proven to be one of the best as it will give you size, quality and yield. It grows an unusually strong vigorous plant with thick heavy foliage and the plants root very deep. On good soil and with proper care plants will start bearing in 60 days and will then keep bearing until frost. The berries are large in size, uniform in shape and have a rich red coloring throughout; they have a distinct honey-sweet flavor which is retained when frozen, unsurpassed for either canning, freezing or fresh table use. It has been tested out in many parts of the U.S. and has made remarkably high ratings for quality and yield. A bed of these fine everbearers will please and delight the planter beyond his fondest hopes. 25 for \$2.75; 50 for \$4.50; 100 for \$8.75.

Spring or June Bearing Strawberries

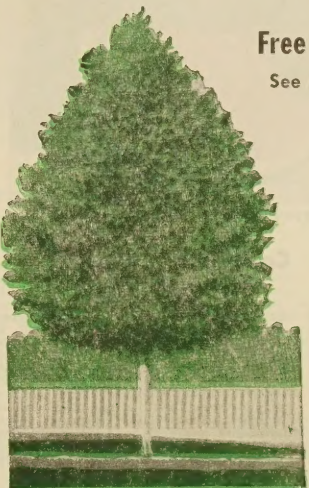

New Wisconsin 2-14

Excellent Freezer. Heavy Yielder. Beautiful Appearance.

A1344—A new introduction from the University of Wisconsin, very vigorous and hardy and well suited for northern areas. Makes a sturdy plant and is an abundant bearer. Berries are of good size, deep red throughout, sweet and juicy. A top quality berry for the home garden, commercial grower and especially well suited for freezing. 25 for \$1.50; 50 for \$2.60; 100 for \$4.25; 500 for \$12.25.

A1340—SPARKLE—Exceptionally strong grower making vigorous plants well supplied with healthy foliage. A heavy yielder and midseason in ripening. Berries are medium to large, uniform in shape, deep rich red in color, with a shiny, sparkling skin, which makes them unusually attractive. An excellent berry for the home or market garden and well suited for fresh table use, canning or freezing. 25 for \$1.20; 50 for \$1.90; 100 for \$3.50; 500 for \$10.75.

A1342—WONDERBEARING or DUNLAP—A strawberry which will delight growers who want fine quality and yield, especially suited for heavy soils. The plants are vigorous growers and carry the fruit well up from the ground; it is medium early in ripening. The berries are of good size, deep red with no white core and well suited for table, canning or freezing. We consider this to be one of the best main-crop varieties. 25 for 95c; 50 for \$1.60; 100 for \$3.00; 500 for \$9.75.

AMERICAN ASH

25 Superfection Everbearing
25 "Sparkle"

50 Wonderbearing or Dunlap

The above 100 plants, a \$4.45 value, for only \$3.75.

WONDERBEARING or DUNLAP

Growing Berries

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given, the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete, cultural instructions for small fruits and will send same with every order for plants.

American Ash

S1143—A very desirable and useful shade tree suitable for street, lawn or shelterbelt planting. It is very hardy, long-lived and succeeds under most severe conditions especially in dry areas. Very symmetrical in growth and under favorable conditions will make a growth of 3 to 4 ft. in a year. We have some unusually nice 4 to 5 ft., twice transplanted trees, well branched and heavily rooted. Too heavy for parcel post so will be shipped express or freight, not prepaid. Each 95c; 3 for \$2.65; 12 for \$9.75.

TOPCROP BUSH BEANS

Jung's Garden Specialties

On this page we list an assortment of garden seed specialties which are unusually good and of more than ordinary merit. Try some of them in your garden as we are sure you will be pleased and delighted with what they will produce for you.

Topcrop Green Pod Bush Bean

All America Gold Medal Winner. Superb Quality. Heavy Yields. G172—A new bush bean developed by the U. S. Dept. of Agriculture, that combines high disease resistance, excellent quality and large yields. Bushes are vigorous, 15 to 18 inches high and set a heavy crop of pods. Pods 6 to 7 in. long, round, straight meaty and free from string and fibre. Considered one of the best beans for canning, freezing or table use. Pkt. 12c; ½ pt. 35c; pt. 55c; qt. \$1.00.

CABBAGE

Wisconsin Ballhead

Disease Resistant

G172—This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.50; lb. \$4.50.

WISCONSIN BALLHEAD

Tendercore Carrot

Handsome Appearance. Superior Quality.

G185—A superb new Carrot combining the fine qualities of its parents Nantes and Chantenay. They grow 5 to 6 in. long, about 2 in. in diameter at the shoulder and taper slightly to a blunt point. A highly attractive carrot and of excellent quality with practically no core; intense orange-red flesh, very crisp, tender and of superb flavor. Pkt. 10c; ½ oz. 25c; oz. 40c; ¼ lb. \$1.00; lb. \$3.25.

TENDERCORE CARROT

Mrs. E. Caldwell, Wash.—Have planted your Tendercore Carrot for several years, very fine quality and a good keeper.

Extra Early

HYBRID SWEET CORN

Wisconsin "800"

Extra Early. Heavy Yields. Sweet and Luscious

G437—A new extra early hybrid sweet corn, developed at the University of Wis. It is one of the earliest varieties. Under normal conditions is ready to pick in 70 to 72 days. Ears are 6 to 7½ in. long, usually 8 rowed, and are well filled with tender, delicious, deep golden kernels; flavor and quality are superb. A very profitable variety for the market grower as it comes on when prices for the first corn are always high. As the stalks are dwarf it does not require much space, making it well suited for the small garden. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. \$1.00.

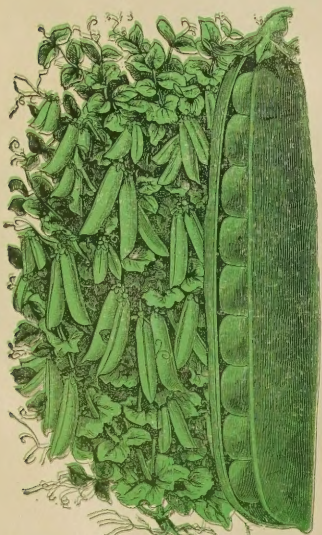

WIS "800"

E. M. Halford, Okla.—I harvested more tomatoes from 1/2 acre of Jung's Improved Wayahead than from 3 acres of other tomatoes.

Edwin W. Bell, Mich.—Your Improved Wayahead Tomato is superb. Here in northern Mich. I had four other varieties but none of them could compare to your Wayahead.

Victory Freezer Peas

G334—An "All-America" selection for yield and quality being especially suited for freezing as the peas remain deep green and are very tender and sweet. Grows a healthy vine 24 to 28 in. tall which bear an abundance of pods 3½ in. long and containing 7 to 9 peas of very high quality. One of the best varieties for freezing but equally good for using fresh from the garden. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. \$1.00.

VICTORY FREEZER PEAS

STRAIGHT EIGHT CUCUMBER

Glen F. Clark, Wis.—We have the best sweet corn around here, it's your Wis. "800".

Straight Eight Cucumber

Unexcelled for Shipping, Slicing or Pickling.

G220—All America Gold Medal Winner as an outstanding vegetable of the year. One of the finest shipping cucumbers as the fruit is deep green, free from objectionable light striping and is very uniform in size, usually about 8 in. long, 1½ in. in diameter, well rounded but not tapered ends. Fine for either home or market garden, as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 10c; 25c; ¼ lb 60c; lb. \$2.00.

LETTUCE

Jung's All Cream

G246—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 85c.

JUNG'S ALL CREAM

New America Spinach

G405—All-America Silver Medal Winner. A new, improved strain noted for its long standing, high quality and high yields. The leaves are glossy dark green, thick and tender, heavily crumpled. Grows a vigorous plant, 6 to 8 in. tall, 10 to 12 in. across and are very slow to bolt to seed. Splendid for either home or market gardens. Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$1.95.

AMERICA SPINACH

Autumn Glory Hybrid Onion

Large Size. Handsome Appearance. Excellent Keeper.

G291—Compared to ordinary standard onions, you will find that this Hybrid Onion will mature 8 to 10 days earlier, bulbs will be larger and more uniform in size and will keep until late spring. The bulbs are globe-shaped, 2½ to 3 in. in diameter and the entire crop will be uniform in size, shape and color. Outer skin is heavy and a deep golden tan color; flesh white, very solid and of top quality. A very profitable onion to grow for market as well as the home garden. Pkt. 12c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.60; lb. \$5.75.

Autumn Glory Hybrid Sets

S305—Now for the first time you can obtain sets of these superb long keeping and high quality Hybrid Onions. By planting these sets you can grow onions in your own garden of extra large size which will be uniform in shape and appearance and will keep until late spring. Only a limited quantity available so advise early orders. Qt. 50c; 3 qts. \$1.20.

Ida J. Wright, Indiana—I was well pleased with everything I got of you in the spring, I raised the biggest, nicest onions from the sets I bought from you.

JUNG'S IMPROVED WAYAHEAD

JUNG'S IMPROVED

Wayahead

OUR EARLIEST OF ALL TOMATOES

First to Produce Ripe Tomatoes. Good Sized Fruit. Smooth and Solid. Bright Red Color. Fine Quality.

G466—As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen, vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it. Our strain of this tomato has all been grown from single plant selections and is highly improved. Pkt. 15c; 2 pkts. 25c; ½ oz. 60c; oz. \$1.00.

JUNG'S SUPER SELECT WAYAHEAD TOMATO

G467—Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved from the most select plants and first or crown-set fruits. Price of this super-select seed: Pkt. 25c; ¼ oz. \$1.00; ½ oz. \$1.75; oz. \$3.25.

AUTUMN GLORY HYBRID ONION

PUREGOLD WAX BEANS

Puregold Wax Bush Bean

A bush bean that combines vigor, yield and quality. The bushes grow 18 to 24 in. tall are covered with heavy foliage and bear a tremendous crop of round meaty pods. Pods are 5½ to 6 in. long, a deep golden color, tender, stringless and of excellent flavor. In season it comes on when the earliest varieties are through bearing. A superb variety for freezing as the pods are fleshy, stringless and free from fibre.

SKYSCRAPER SNAPDRAGON

Skyscraper Snapdragons

Tallest growing and largest flowered of all snapdragons. Grow 3 to 4 ft. tall with individual blooms like sweet peas. The colors are delightfully pleasing and come in shades of yellow, pink and creamy-white and a combination of these colors. For best results start the seed indoors and set the plants out when danger of freezing is over. You will be amazed at the size and beauty of the flowers they will produce.

Prepaid Parcel Post--See Page 38

Jung's Premium Seeds

The Vegetables and Flowers listed here are new and select strains of more than ordinary merit. We know you will be delighted with them in your garden; they are offered as Premiums with your order. If your order amounts to \$1.00 or more one pkt. (your choice) will be sent for each \$1.00 worth of goods ordered but not more than a total of four pkts. to a customer. Mark your choice of Premiums in space provided on back of order sheet.

SUGAR LUMP TOMATO

Jung's Extra Early Sugar Lump

A remarkably fine tomato that ripens very early and bears a heavy crop of smooth deep red fruits from early summer until frost. Fruits are 1½ to 2 inches in diameter, always smooth, deep red and very sweet, unexcelled for canning whole, salads and making tomato juice. Fruits are borne in clusters, often 12 to 15 in a bunch and are so productive that 12 to 15 plants will supply enough fruit for an average family. Select seed of our own growing.

SENSATION NICOTIANA

New Sensation Nicotiana

This new strain remains open during the day much longer than the older types and also has a much wider range of colors such as white, wine, deep red and chocolate. Grows 18 to 24 in. tall and bloom profusely for a long time. Sow thinly, like poppies, after danger of freezing is over. Delightfully fragrant.

New Blaze Zinnia

The "All America" winner of last year and it well deserves that honor. Grows a uniform, vigorous bush, blooms profusely for many weeks and will make a bright spot in your garden or around your home. Flowers are 4 to 5 in. across, they open a bright mandarin red and later change to a fiery orange-scarlet, a color sure to attract attention. A row or bed of these Zinnias will provide joy and pleasure all summer long.

PLEASE NOTE

Please be sure to note on your order which of the above free seeds you wish. See back side of order sheet in back of this catalog.

Jung's Giant Prize GLADIOLI

Gladioli are one of our favorite flowers and we grow these bulbs in large quantities on our own farms. Among them are many of the newer originations which are noted for the size, beauty and color of the flowers. Under favorable conditions they will grow to a height of 4 to 5 ft. with flowers 5 to 6 in. across and 5 to 6 flowers open at a time and the beautiful colors are hard to describe.

PREMIUM—If your order amounts to \$5.00 you may have 3 bulbs, if it amounts to \$8.00 or more you may have 6 bulbs and if it amounts to \$10.00 or more you may have 12 bulbs as a premium.

NOTE—As it takes many thousands of bulbs for these premiums they are put up in advance and named varieties cannot be selected as premiums.

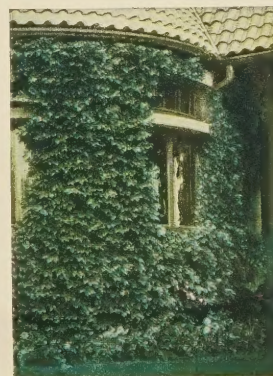

JUNG'S GIANT PRIZE GLADIOLI

CLEMATIS

Clematis - Jackmanni

S1079—One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. **Strong 2-yr. field grown plants. Each \$1.35; 3 for \$3.90.**

ENGELMAN'S IVY

Mrs. Thos. Meagher, Wis.—The Shrubs and bulbs I received from your nursery were superb. The "Glads" were all you claimed them to be.

WISTERIA

Wisteria

S1270—HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches, or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. **Strong 2-yr. old plants. Each 70c; 3 for \$2.00.**

Trumpet Vine

S1262—A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remains in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. **Strong plants. Each 60c; 3 for \$1.60.**

Hardy Climbers

SCARLET BEAUTY HONEYSUCKLE

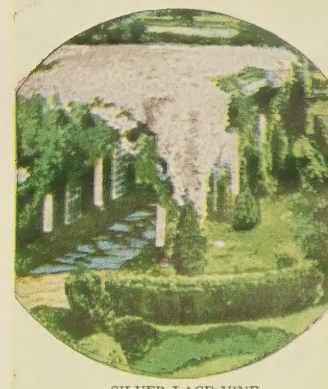

Our Best Hardy Climber

Scarlet Beauty Honeysuckle

Very Hardy. Blooms from June to October. Will Bloom Same Year Planted. No Insects or Disease. S1115—We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. **Select plants that will bloom this year. Each 75c; 3 for \$2.00.**

Engelman's Ivy

S1085—A very desirable variety as it is much harder than Boston Ivy, withstanding heat and severe cold much better. It is a type of ivy which has been long wanted as it has shorter joints and handsome foliage and is well supplied with tendrils that cling to the wall very tight. Foliage colors up beautifully in the fall. **Each 50c; 3 for \$1.35; 12 for \$4.25.**

SILVER LACE VINE

Silver Lace Vine

S1254—This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. It is perfectly hardy, very fast growing and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during August and September the vines are a fleecy cloud of bloom of white color. **Select 2-yr. plants. Each 65c; 3 for \$1.80.**

TRUMPET VINE

MIGHTY MONARCH COLUMBIA STRAWBERRY PEACH GORGEOUS DEB WHITE GODDESS KING DAVID GOLD NOWETA ROSE

Jung's Top Notch Gladioli

The Gladioli listed below are the newer and highly improved varieties, only a few years many of these were priced at \$1.00 or more per bulb. You will be amazed by the size, beauty and colors of these grand varieties.

B1578—BENJ. BRITTEN—A grand deep toned lavender. Flowers 5 to 6 in. across produced on 4 to 5 ft. stalks. An early and profuse bloomer.

B1579—COLUMBIA—Large blooms of clear creamy white heavily edged with rose. A great improvement on the old popular Corona as it is a more vigorous grower. Tall straight spikes.

B1580—COVER GIRL—A giant flowered salmon pink, opens 8 to 10 flowers on 5 ft. spikes. You will like this superb "glad".

B1572—EVANGELINE—A gorgeous light pink that has size and beauty. Under normal conditions will grow spikes 5 ft. tall with 8 to 9 huge heavily ruffled flowers open at one time. A regal beauty in every way.

B1575—GOLD—One of the outstanding "glads". Clear rich deep golden yellow. Large well ruffled flowers, well placed on strong spikes. With good care will grow 4 to 5 ft. tall.

B1581—GORGEOUS DEB—A grand combination of gold, pink and salmon. Opens 8 to 9 heavily ruffled blooms on strong straight spikes. Truly a "gorgeous glad".

JUNG'S RUFFLED GIANT GLADIOLI

Jung's Ruffled Giant Gladioli

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

B1568—These bulbs are put out for people who want the very best of the new giant flowered "glads". Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. Large Select Bulbs, 6 for 50¢; 12 for 95¢; 50 for \$3.50.

BOULOGNE FL. NIGHTINGALE BEAUTY'S BLUSH

Will Bonnett, Ill.—This morning we received our Gladioli bulbs. They certainly are fine, just about the largest and best we have ever had. I know we will have a nice lot of flowers this summer from them.

ABU HUSSAN FRIENDSHIP SPOTLIGHT

Giant Exhibition Gladioli

Here are some of the newest Gladioli originations that will thrill and delight you with their exotic beauty and charm.

B1525—ABU HUSSAN—A new deep violet-blue that has size and beauty. Large flowers borne on straight, tall, strong stems.

B1546—BEAUTY'S BLUSH—Delicate blush pink flowers of large size and exquisite beauty. Tall willowy stems with 18 to 20 buds.

B1526—BOULOGNE—This husky, vigorous rosy-red is in a class by itself. Grows to a height of 5 ft. with flower spikes 2 ft. long, truly superb.

B1527—BURMA—Deep rich rosy red with wide open heavily ruffled flowers. A prize winner wherever shown.

B1529—ELIZABETH THE QUEEN—"The Jewel among Glads"—Beautiful clear lavender pink with darker markings in the throat. The large flowers are heavily ruffled and borne on stiff straight spikes.

B1530—FLORENCE NIGHTINGALE—A top-notch white, has size, beauty and stamina. Will grow 5 ft. tall with blooms 5 to 6 in. across.

B1531—FRIENDSHIP—Most beautiful gorgeous pink. Large ruffled blooms

on strong straight spikes. A rare beauty.

B1532—GREAT LAKES—The nearest to a sky-line gladioli thus far produced. Large flowers freely produced on long straight stems.

B1533—LAVENDER PRINCE—A vigorous tall grower. Flowers well ruffled, of large size and a deep rich lavender color.

B1534—SHERWOOD—Lustrously ruffled deep purple and rates as one of the best in this color. Tall straight spikes with 5 to 6 flowers open.

B1535—SPIC & SPAN—Another top-rated "glad". Large, ruffled flowers of an unusual deep pink. Tall straight spikes with many open.

B1536—SPOTLIGHT—One of the finest glads grown. Tall, sturdy spikes, often 5 ft. tall bearing the immense blooms which are a rich canary yellow with a bright red blotch in the throat.

Price of above: Each 20¢; 3 for 50¢; 12 for \$1.65.

GLADIOLI COLLECTION NO. 2

B1540X—One large select bulb of each of the above 12 Giant Exhibition Gladioli for \$1.65; 5 of each for \$7.85.

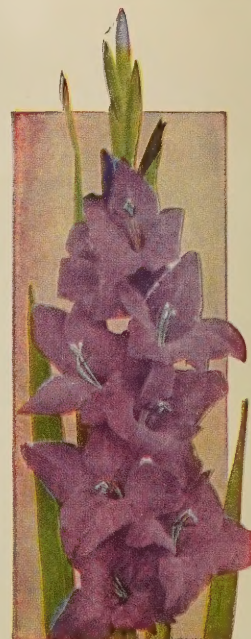

Jung's Giant Red Gladioli

B1562—There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs, they will produce flowers of giant size and beauty in many shades of "red". Large Select Bulbs: 6 for 60¢; 12 for \$1.00.

C. E. Watson, Mich.—Wish to report that the "glad" bulbs you sent were very good. We also like your seeds.

Mrs. M. E. Petteys, Minn.—The "Glad" bulbs received from you were lovely.

Blue & Purple Gladioli

B1564—There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. Select bulbs: 6 for 65¢; doz. \$1.10. Order early as our supply is limited.

PHANTOM BEAUTY CASA BLANCA BLUE BEAUTY CHARMINE AUREOLE RED GIANT

Jung's Special Select Gladioli

Prizewinner" (See Cut Above)

The grand new Gladioli listed below are some of the very best of the new introduction and for size, beauty and color are really superb. If you wish something extra fine you will order this collection.

B1505 — AUREOLE — Wonderfully beautiful heavily ruffled rich canary yellow. Open 6 to 7 large well placed blooms on a tall willow, spike. One of the best yellow glads.

B1501 — BLACK OPAL — Large black-red flowers produced on long spikes. Sure to attract attention.

B1502 — BLUE BEAUTY — Large flowers of medium blue shading deeper toward the edges. Considered one of the best in this color.

B1508 — CASA BLANCA — A superb pure white, tall vigorous grower, profuse bloomer with well placed flowers.

B1503 — CHAMONY — Large flowers of a live snappy rose pink color. The most beautiful deep pink.

B1504 — CHARMINE — A new shade of clear rich medium rose, 5 to 6 flowers open at one time with as many more buds showing color. Large flowers well placed on sturdy stalks.

B1510 — MISS WISCONSIN — A glad of size and rare beauty. Rich, deep rose, large blooms, tall spikes.

Mrs. V. G. Tostevin, Oregon — We like Jung's seeds and bulbs very much. Many of the "glads" grew 5 ft. tall.

Sarah C. Riege, Wis. — Your "glads" were gorgeous. Never tasted such fine vegetables as your Tendercore Carrot and also Sweet Corn.

Mrs. M. Shirley, W. Va. — Your Gladioli bulbs produced the most beautiful flowers I have ever grown.

SENSATION

The Super Giant Glad

B1571 — Mammoth sized flowers of bright soft rose, 6 to 9 of the massive, heavily ruffled flowers on a spike. Often grows 5 to 6 ft. tall, truly a wonderful "glad" and a real giant. Each 25c; 3 for 60c; 12 for \$2.00.

GIANT RAINBOW GLADIOLI

Jung's Giant Rainbow Gladioli

Easy to Grow. Sure to Bloom. Giant Flowers.

B1570 — We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. In this mixture you get a grand assortment at a very reasonable price. 6 for 35c; 12 for 60c; 50 for \$2.00.

JUNG'S COLOSSAL GLADIOLI

B1566 — These are mammoth sized bulbs, 2½ in. and over, and are of really superb varieties, they are for those people who want something extra special and out of the ordinary. These bulbs will grow spikes 4 to 6 ft. tall and the flowers will be truly giant in size, many of the bulbs will grow 2 and sometimes 3 spikes of flowers. These husky bulbs will produce very vigorous plants that usually bloom quite a bit sooner than smaller bulbs. Only the choicest varieties are used in this assortment and whether you order 6 or a dozen bulbs no two will be alike. 6 for 75c; 12 for \$1.40; 25 for \$2.75.

Mrs. J. Holewinski, Wis. — The Gladioli you sent me were beauties, admired by all who saw them.

M. Holowaski, Pa. — The Gladioli you sent us have been our special pride and were the envy of all who saw them in our garden.

ELIZ. THE QUEEN

RED CHARM

JUNG'S WONDER "GLADS"

B1545 — BEACON — Clear light rose scarlet with orange throat. Strong grower, immense flowers.

B1550 — BIG TOP — Grows 4 to 5 ft. stalks with flowers 5 to 6 in. across. Live salmon pink with red in throat.

B1528 — BLESSED DAMOSEL — A beautiful shade of glowing salmon-pink. Large heavily ruffled blooms, as many as 8 flowers open.

B1547 — HIGH FINANCE — Different but beautiful. Smoky orange-gray with cream throat. Vigorous grower, spikes straight and flowers well placed.

B1548 — KING LEAR — One of the best purple "glads". Large ruffled flowers, very rich and velvety. One of the best "glads" to be had.

B1551 — MARGARET BEATON — Heavily ruffled snow-white with small scarlet blotch.

B1553 — PURPLE SUPREME — Very large clear deep purple; you will be delighted with its size and beauty.

B1554 — RED CHARM — An easily grown bright cherry-red. Opens 8 to 9 well placed blooms on a tall straight stem.

B1555 — ROSA VAN LIMA — One of the better "pinks," bright snappy color. As many as 8 large flowers on a spike open at a time.

B1552 — RUFFLED BEAUTY — Very large, heavily ruffled, soft canary yellow. Vigorous growers, tall straight spikes.

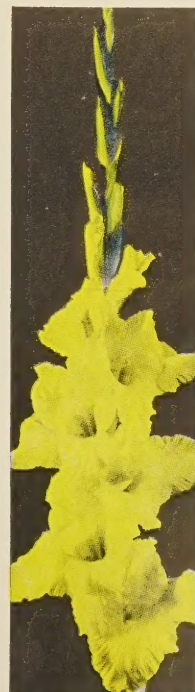

B1556 — SNOW PRINCESS — One of the best whites. Very large ivory white flowers well placed on long straight spikes.

B1549 — WEDGEWOOD — A rare combination of beauty, charm and grace. Clear, live lavender-pink, rivals orchids for beauty.

Price of above: Each 15c; 3 for 40c; 12 for \$1.35.

B1560X — GLADIOLI OFFER NO. 5

One select bulb of each of the above for \$1.35.

RUFFLED BEAUTY

MARGARET BEATON

JUNG'S COLOSSAL GLADS

CANNAS

CANNAS

For mass color and real beauty a Canna bed is hard to beat. They stand lots of heat and bloom profusely from July until frost. Whether planted in beds, as borders or background Cannas are always satisfactory and they are easy to grow and not bothered by any insects. For a real show plant a dozen Cannas in the center of a bed, then a row of Salvia and either Dwarf Marigolds, Royal Carpet or White Alyssum, this will give you a bed of flowers of exotic beauty all summer.

P1712—CITY OF PORTLAND—The finest large flowered bright pink Canna, especially showy when planted with other Cannas. Grows 4 to 5 ft. tall, green foliage, large flowers for many weeks.

P1711—PRESIDENT—Huge, glowing scarlet flowers, vigorous plants 4 ft. tall. Profuse bloomer and the most popular and showy variety. Green foliage.

P1710—YELLOW KING HUMBERT—Beautiful deep yellow flowers spotted with red. Grows 4 ft tall and blooms profusely over a long time.

PRICE OF CANNAS; Each 25c; 3 for 65c; 12 for \$2.00.

ASTILBE FANAL

Astilbe Fanal

P1702—Hardy, easily grown border plant that does best if given plenty moisture and planted in good rich soil. Will reward you many times for good care with its abundance of exquisite feathery sprays of deep red flowers. Grows to a height of 12 to 15 in. and the flower spikes tower well above the foliage. The rich, deep red flowers contrast delightfully with the dark green fern-like foliage. Grows in either sun or partial shade. Each 50c; 3 for \$1.25; 12 for \$4.50.

Dictamnus or Gas Plant

A very showy hardy plant that will deserve a place in every flower garden. It grows to a height of about 2½ ft. and is well supplied with attractive, fragrant foliage. During June and July the showy spikes of heavily scented flowers are borne in great profusion. Should be planted in heavy soil and a sunny position. We can supply either pink **P1740** or white; **P1741**; mention color wanted on order. Select field grown plants. Each 35c; 3 for \$1.00.

Mrs. A. F. Shultis, Wis.—Everything I bought of you is fine. The shrubs are a fine grade, the best I have ever bought and your prices are very reasonable.

FERN LEAF BLEEDING HEART

Dwarf Fern Leaf Bleeding Heart

P1705—(Exima)—Grows a beautiful dwarf plant 12 to 15 in. tall and is well suited for borders, beds or planted in front of taller plants or shrubs. The fine feathery foliage makes it a beautiful plant even when not in bloom. Blooms from early summer until fall. Each 35c; 3 for 80c; 12 for \$2.45.

TRITOMA

LYTHRUM

Mordens Pink

P1754—Another grand hardy perennial that will delight all flower lovers. Very thrifty and vigorous and produces long spikes of closely set bright rose flowers. Especially fine for bouquets. Plants remain in flower for 6 to 8 weeks. Strong field grown blooming size plants. Each 45c; 3 for \$1.10.

A. Snider, Ind.—Have always found your seeds and plants to be A-1.

LYTHRUM

DICTAMNUS or GAS PLANT

Liatris or Kansas Gayfeather

P1752—Not many flowers will attract more attention on account of their unusual appearance, they are beautiful as well as odd. Blooms in mid-summer and flowers last a long time. Cut flowers of deep rich purple color. Very hardy and easy to grow. Each 35c; 3 for 80c.

LIATRIS

TRITOMA

P1794—**PEITZER-RED HOT POKER**—Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from August to October. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. Extra strong plants, 3 for 75c; 6 for \$1.35; doz. \$2.50; 100 for \$15.00.

HARDY PHLOX

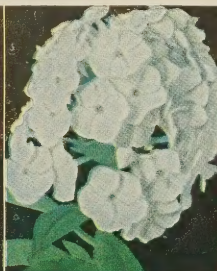

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field grown and not small rooted cuttings.

P1760—BORDER QUEEN—The best pure deep pink. Flower heads of mammoth size and a profuse bloomer. The best pink.

P1761—DAILY SKETCH—Immense flowers of light salmon pink with carmine eyes. No other hardy

4—KING MIDAS

Jung's Deluxe Dahlias

It is a source of deep satisfaction to grow truly giant flowered dahlias in your garden. It is not difficult to do this if you plant some of the excellent varieties below and follow the simple instructions sent with each order. The dahlias listed below are outstanding kinds, not only are they of giant size and fine colors but they are also vigorous growers and free flowering.

B862—BASHFUL GIANT—One of the better bronze or golden fan varieties. Its large shaggy blooms of copper and gold are very attractive. Each 45c; 3 for \$1.10.

B866—COMMANDO—A superb deep lavender. The large flowers are produced profusely on tall vigorous plants. Each 45c; 3 for \$1.15.

B861—KING MIDAS—One of the most popular and widely grown yellow Dahlias. Many flowers 10 in. in diameter and produced on strong heavy stems. Each 50c; 3 for \$1.25.

B863—MRS. GEO. L. BOUTILLIER—One of best carmine red dahlias. A true giant as many flowers are 12 in. in diameter. Easy and vigorous grower profuse bloomer. Each 45c; 3 for \$1.10.

B864—ROSE GLORY—Rose pink flowers of large size and a very free bloomer. One of the best for landscape effect, flowers 6 to 7 in. across. Each 40c; 3 for \$1.00.

B860—THOS. EDISON—A grand and striking variety. Giant attractive flowers of deep royal purple. Will make a show in any garden. Each 50c; 3 for \$1.25.

B865—WHITE WONDER—Pure white flowers 8 to 10 in. across are not uncommon. A beautiful flower with long curled petals. Each 45c; 3 for \$1.10.

SPECIAL DAHLIA OFFER

B870X—One select root of each of the above six grand Dahlias for \$2.25.

Dwarf or Bedding Dahlias

B872—These grand dwarf Dahlias are very desirable for either beds or borders. They will start blooming in 6 to 8 weeks after planting and will then be a mass of flowers until frost; a bed or row of these Dahlias are a grand sight when in flower. They grow 18 to 24 inches tall and branch very freely, bearing flowers on each branch, also excellent for bouquets. Flowers will be single, semi-double and double but all very beautiful. Select bulbs: 3 for 70c; 6 for \$1.35; 12 for \$2.50; 25 for \$5.00.

Mrs. John Bradley, N.J.—Just a note to tell you that I have been getting large, beautiful blooms from the dahlias you sent me.

DARWIN TULIPS

Wm. Werner, Mich.—Both seeds and bulbs were satisfactory.

CROCUS

CROCUS

B920—These beautiful flowers are in bloom almost before all the snow is gone and are one of the first harbingers of spring. For best effect plant them in groups or masses of 6 to 8 bulbs. The bulbs we offer are top-size and will produce several blooms from each bulb the first year. Very fine for borders or edges as they grow only 4 to 6 in. tall. 10 for 70c; 25 for \$1.50; 100 for \$4.40 postpaid.

HYACINTHS

Mary Buars, Va.—Your bulbs are always nice, the Angel Lilies were lovely.

R. Althorn, Colo.—I am sold on your seed and plants as we live at an elevation of over 7,000 feet and all seeds, bulbs and bushes do well here.

MYSTERY LILY

The Hardy Mystery Lily

B994—(Lycoris Squamigera). This is sometimes referred to as the Hardy Amaryllis and is one of the most unusual and beautiful hardy flowers. The attractive green foliage starts early in the spring and grows until July, then it matures and dries up. Suddenly in a few weeks a stalk appears, grows rapidly to a height of 2 to 3 ft. and bursts open in a lovely head of rosy-pink flowers. Grows well either in full sun or partial shade. They are perfectly hardy and increase in size and beauty from year to year. Large select bulbs: Each 45c; 3 for \$1.25; doz. \$4.50.

Spring Flowering Bulbs

The bulbs listed below are planted in the fall, from Oct. until the ground freezes, and will bloom the following spring. The bulbs we send out are top-size first quality bulbs which are sure to grow and bloom. These bulbs will be sent out as soon as they arrive from our grower in Holland, usually the latter part of Sept. Planting instructions will be sent with every order.

JUNG'S GIANT RAINBOW DARWIN TULIPS

Price of above—Each 35c; 3 for 75c; 12 for \$2.75.

Mrs. Estella Knight, Kans.—Have been a customer for over 20 years and always well pleased with "Jung Quality Seeds".

TUBEROSE

ACIDANTHERA

"The Fragrant Gladiolus"

B850—A new summer flowering bulb of unusual and distinct beauty, showy in the garden and fine for cutting. Six or more of the graceful flowers are produced on graceful arching stems 2 ft. long, remain in flower for several weeks. Easy to grow and sure to bloom, handle the same as you would gladioli. Large Select Bulbs: 3 for 30c; 6 for 50c; 12 for 85c.

DOUBLE TUBEROSES

B915—One of the most beautiful and delightfully fragrant summer flowering bulbs. Flowers are more conspicuously sweet scented than anything else in the garden. The flowers are double and are produced on stems 2 to 2½ ft. long. They make a grand showing in the garden and are unexcelled for cutting and bouquets. Bulbs planted early in May will bloom in August, may also be started in pots for early blooms. Select bulbs: 3 for 40c; 12 for \$1.50.

Mrs. Maud Rmcu, Mo.—Just received my order, they are such big healthy bulbs so am ordering more.

Mrs. Floyd Mellott, Pa.—I have been planting your seeds as I cannot buy seeds anywhere to please me like yours, was much pleased with the large size of the Gladi bulbs.

PARROT TULIPS

Fringed or Ruffled PARROT TULIPS

These Tulips are out of the ordinary for size and rare beauty. Flowers are extra large, borne on long stems and colors not found in any other strain. For best results plant in clumps of 3 to 6 bulbs.

- B951—BLUE PARROT—Violet shaded steel-blue.
- B952—FANTASY—Deep rose-pink shading to cream-pink.
- B953—ORANGE FAVORITE—Bright orange with yellow base.
- B954—RED CHAMPION—Bright rosy-red, shaded lighter at edges.
- B955—SUNSHINE—Giant golden yellow.

Extra select bulbs of above—3 for 55c; 6 for \$1.00; 12 for \$1.50.

GRAPE HYACINTH or MUSCARI

B922—The dainty and delightful, dwarf growing plants (6 to 8 in.) are well suited for low borders, along walks and edges for beds, especially showy around or in front of tulips. They like full sun but will also grow and bloom under trees or among shrubs. Easy to grow, sure to bloom and for many years will delight you with their dazzling blue color. 10 for 45c; 25 for 85c; 100 for \$3.25. We send out only top size bulbs which are sure to bloom profusely; do not compare these with the small bulbs often offered at bargain prices.

GRAPE HYACINTH

Special Premiums See Page 3

Daffodils or Narcissus

B925—KING ALFRED—The largest and most popular of all Daffodils. Blooms rich golden-yellow often 4 in. across with 2 in. trumpets. Large select bulbs: 3 for 50c; 6 for 90c; 12 for \$1.60.

B926—CHEERFULNESS—Double creamy-white flowers borne 3 to 4 on tall stems. Vigorous grower, profuse bloomer and very fragrant. Large select bulbs: 3 for 40c; 6 for 70c; 12 for \$1.25.

SPRING BEAUTY SCILLAS

B924—A select strain of these beautiful brilliant blue flowers. Grows 5 to 6 in. tall and comes into flower very early. Makes its best show when planted in masses or clumps but also used for edges and borders. Seem to do well in any good well-drained soil. Grows in full sun, half-shade or shade; all they require is fertile soil and moisture. 10 for 65c; 25 for \$1.40; 100 for \$4.25.

RED RADIANCE

Select Iris

Iris undoubtedly are one of the most popular, hardy perennials and they well deserve their popularity. They are hardy and may be grown under various conditions with little care. They are easy to grow, not bothered by insects and come in a wide variety of colors. You will be highly pleased with our vigorous, healthy plants.

NOTE—Iris do best when set out in late summer or early fall. For this reason we do not send out these until they are dormant which is usually the end of July or early August. Orders may be sent in at any time and plants will be sent out at proper time.

12 Iris at Bargain Prices

Below we are listing Iris which have been chosen for their unusual hardiness and which we can supply at a reasonable price. They will bloom profusely, give you a wide range of color and flower over a long period. You can now have a grand assortment of superb Iris at very little cost.

P1401—ELKHART—Deep chestnut red with mahogany red falls. Large flowers and rich colors. Really superb.

P1402—ELSA SASS—A new shade of clear sulphur yellow shading to white near the haft. Flowers are of good size, ruffled at the edges. Good grower and free bloomer.

P1403—HEAVENLY BLUE—Gigantic flowers of solid delphinium blue. An Iris of beauty and charm.

P1404—INDIAN HILLS—Rich red-purple with silky sheen. Large flowers borne on stiff sturdy stalks.

P1405—JEAN CAYEUX—A Medal Winner and one of the most distinct and beautiful Iris. A marvelous blending of buff and Havana brown.

P1408—LAVENDER RUFFLES—Large heavily ruffled flowers, both falls and standards are a beautiful blend of lavender and orchid.

P1406—SNOW KING—A pure glistening white of size and

beauty. Good grower and profuse bloomer.

P1409—PEACHES—A rich blend of copper, gold and rose. Very showy and profuse bloomer.

P1410—RED RADIANCE—A tall grower and one of the better "reds". You will like it. Each 60c; 3 for \$1.50.

P1407—WABASH—A prize winning Iris of regal beauty. Giant flowers of glistening white standards with bright purple falls margined with white. The large flowers are borne on well branched stalks 3 ft. tall.

PRICE OF ABOVE IRIS—Except where noted; Each 45c; 3 for \$1.25; 12 for \$4.35.

Special Iris Offer No. 1

P1415X—One select plant of each of the above 10 Grand Iris for only \$3.58.

The Iris "Iristocrats"

The Iris listed below have been selected for planters who want something that is outstanding for size, color and beauty. You will be more than pleased with the grace and charm by planting this collection.

P1430—BROWN THRASHER—Gorgeous and striking in size and color. A brilliant golden brown with lustrous sheen.

P1431—BUFFAWN—An Iris of unusual coloring being a soft pinkish buff with brilliant tangerine beard. Very attractive and a profuse bloomer.

P1432—GREAT LAKES—A beautiful clear and pure light blue that command admiration. A tall upright grower, splendidly branched flowers display fine form.

P1433—MULBERRY ROSE—Deep, radiant mulberry-rose self. Tall stemmed, well branched and profuse bloomer.

P1434—OLA KALA—The outstanding rich deep yellow Iris. Large well formed ruffled flowers on tall well branched stalks.

P1435—PRAIRIE SUNSET—Apricot, copper, gold, rose and pink are fused like the glorious sunset. Huge flowers are produced on strong sturdy stems like a gladioli. A Dykes Medal Winner.

P1436—RED VALOR—A superb red that gleams like a ruby, garnet red with orange beard. Flowers of heavy substance and borne on tall stalks. Each 75c; 3 for \$2.10.

P1437—SABLE—This wonderful Iris possesses large strong stalks, flowers of heavy substance and is a profuse bloomer. The large blooms are almost black with a wonderfully lustrous sheen.

P1438—TEA ROSE—Bright glowing pink with no hint of orchid, may be said to be a mallow pink with copper shading. Perfect form, a really superb Iris.

P1439—WHITE SUPREME—A superb pure white Iris that combines hardiness, beauty and profusion of flowers. The large glistening white flowers are borne on stems 3 ft. tall, are well formed and of heavy substance.

PRICE OF ABOVE IRIS—Except where noted: Each 50c; 3 for \$1.40; 6 for \$2.65.

Special Iris Offer No. 2

P1445X—One select plant of each of the above 10 "Iristocrats" for \$3.98.

Autumn or

Everblooming Iris

These fine Iris bloom not only in the spring but usually flower again in the fall.

P1420—BLACK MAGIC—The most profuse fall bloomer. Deep blue violet with a rich velvety luster.

P1421—FROST QUEEN—Free bloomer, large flowers of pure frosty white.

P1422—SANGREAL—The best everblooming yellow. Medium height, plants are a mass of color when in bloom.

P1423—OCTOBER BLAZE—One of the most attractive fall bloomers. Large flowers of reddish-purple.

Price of above Iris: Each 45c; 1 select plant of each for \$1.50.

DWARF IRIS

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris flower beds, also desirable for rock gardens. They come into bloom very early and spread soon forming a solid mass of color.

P1470—DR. POTTER—Deep Purple, free flowering.

P1471—BETTY PRESBY—Light yellow, profuse bloomer.

Price of above: 6 for 85c; doz. \$1.50; 25 for \$2.75.

P1475—MIXED DWARF IRIS—Make a beautiful edge, bed or border. 12 for \$1.25; 25 for \$2.25.

PLEASE NOTE

Best results with Iris are from plants set out in late summer when plants are dormant. For this reason we do not send out Iris until late July or first part of August. Orders may be placed at any time and plants will be sent out at proper time.

RANGER

3 Superb Iris

Grand New Red Iris "RANGER"

P1460—One of the newest Iris being a dark but very brilliant, almost true crimson red. A wonderful bloomer bearing the large flowers on strong sturdy stems, will make a grand showing in any planting. Each 85c; 3 for \$2.25.

"Sunset Serenade"

P1455—We consider this to be one of the very best Iris as it combines unusual beauty, exceptional vigor and giant flowers. Soft golden tan, standards are apricot buff, falls orange tan with a yellow beard. A "topper" in every way. Each 75c; 3 for \$2.00.

Florence Zenor

P1457—An Iris of rare beauty being a beautiful shade of cameo-pink with falls of deeper rose and set off by vivid orange-red beard. A vigorous grower and profuse bloomer. Each 60c; 3 for \$1.40.

FLORENCE ZENOR

SUNSET SERENADE

BLACK MAGIC

OCTOBER

Beautiful Flowering Trees

ALMAY CRAB

Almay Flowering Crab

S1050—One of the most beautiful and dazzling flowering trees, like a ball of fire when in full bloom. Very hardy and comes into flower early, sometimes will bloom the same year if set out early. Will attain its normal height of 10 to 12 ft. in only a few years after planting. Select 2-3 ft. trees: Each \$1.25; 3 for \$3.50.

The Glorious Hopa Crab

S1118—Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. Strong 2-3 ft. trees. Each 90c; 3 for \$2.50.

Please Note

We cannot fill orders for plants or shrubs unless orders amount to \$2.00 or more.

We Pay Postage except where noted

HOPA CRAB

CHINA ROSE TREE

China Rose Tree

S1075—A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft. and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It's a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. Strong 2 to 3 ft. trees. Each 95c; 3 for \$2.65.

SPECIAL OFFER No. 87

S1290X—One sturdy 2-3 ft. plant of each of the above Five Flowering Ornamental Trees for \$4.00, post-paid.

May Day Tree

S1142—A flowering tree of superb beauty useful for either the lawn or boulevard as it will grow to good size, 20-25 ft., and is perfectly hardy. Early in the spring the profusion of fragrant, white flowers makes the trees a massive bouquets of loveliness. One of the first trees to leaf out in the spring. Select 2-3 ft. trees. Each 85c; 3 for \$2.35.

Milan Zobenica, Minn.—The shrubs I ordered in May are doing fine. I am so pleased since I had disappointments before. (But not your stock.)

MAY DAY TREE

Red Leaved Plum

S1158—This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest, is very hardy and will grow 6 to 8 ft. tall, strong 2-3 ft. plants. Each 90c; 3 for \$2.50.

RED LEAVED PLUM

Jung's Select Peonies

Once Planted Last A Lifetime

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses, are very hardy and are not bothered by insects. For best results they should be planted early in the spring or early fall.

P1781—EDULIS SUPERBA—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. Each 60c; 3 for \$1.45.

P1782—FESTIVA MAXIMA—This fine Peony combines enormous size with wonderful beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. Each 75c; 3 for \$2.00.

P1783—KARL ROSENFELD—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long shading stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. Each 75c; 3 for \$2.10.

P1784—MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink toward the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. Each 75c; 3 for \$2.00.

P1788—SARAH BERNHARDT—This can be classed as one of the best Peonies. Flowers of enormous size, live glistening shellpink in color, with a delightful fragrance. Equally fine for landscape or show, a royal beauty in every way. Each 75c; 3 for \$2.10.

SPECIAL PEONY OFFER

One select vigorous plant of each of the above Five Grand Peonies for \$3.35.

GOLDEN ROSE OF CHINA

Hugonis or Golden Rose of China

Ideal for Hedges. Well Suited for Specimen Planting

S1173—A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fernlike, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. Strong 2-yr. plants: Each 75c; 3 for \$2.10; doz. \$7.50.

T. J. GROOTENDORST ROSE

Everblooming Hedge Rose

F. J. Grootendorst

S1178—A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select plants: Each 95c; 3 for \$2.75; 12 for \$10.50.

EDULIS SUPERBA

FESTIVA MAXIMA

KARL ROSENFELD

PLEASE NOTE

Peonies do best if planted in late summer or early fall months. For this reason we do not send out Peonies until late August or first part of Sept. Orders may be sent at any time and plants will then be sent at proper time for planting.

"SOLANGE"

The Regal Beauty

P1787—Its high rating of 9.8 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rose-type and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream. A rare beauty and the nearest "yellow" Peony to be had. Strong plants: Each 95c; 3 for \$2.60.

SOLANGE

GIANT FANCY PEONIES

Jung's Giant Fancy Peonies

P1789—For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. 3 for \$1.45; 6 for \$2.75; 12 for \$5.25.

S-1111 CACO

S-1110—CONCORD

S-1112 NIAGARA

Jung's Select Grapes

S-1111—CACO—Considered as one of the best red Grapes and also very hardy. Fruit is rich, tender and juicy, rich flavored and of finest quality. Equally fine for eating fresh or to be used for jellies, juice or wine. Strong 2-yr. plants: Each 45c; 3 for \$1.25; 12 for \$4.25.

S-1110—THE FAMOUS CONCORD GRAPE—Concord is the most popular grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black over-spread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. Strong 2-yr. plants. Each 35c; 3 for \$1.00; doz. \$3.50.

S-1112—NIAGARA—Occupies the same position among white grapes as Concord does among the black. Produces fine bunches of large white berries of yellowish white color. Tangy, muscatine flavor and excellent for all purposes. Strong 2-yr. plants. Each 40c; 3 for \$1.10; 12 for \$4.00.

SPECIAL OFFER

S-1114X—One select plant of each of these 3 fine Grapes for \$1.10; 3 of each for \$3.00.

Mrs. C. Esso, N.J.—Received our plants in good condition, they are wonderful.

S-1074 NEW METEOR CHERRY

New Meteor Cherry Minnesota No. 66

S-1074—A new hardy Cherry of high quality developed at the Minn. Fruit Breeding Farm. Grows a strong vigorous tree, 8 to 10 ft. tall, with an upright, moderately spreading habit. Foliage is dense and luxuriant and is resistant to leaf spot. The cherries are large to extra large, and an attractive light red color; skin thin and tender. Of superb quality and equally good for eating raw, canning or pies. Strong sturdy 3-4 ft. trees: Each \$1.95; 3 for \$5.25 postpaid.

Earl B. Leffel, Mich.—Received seeds and berry plants, all are nice and in good condition so am ordering more.

S-1072 RUBY BUSH CHERRY

Ruby Bush Cherry

S-1072—This is a great improvement over the Nanking as it bears more abundantly, the fruit is larger and of better quality. The shapely bushes grow 7 to 8 ft. tall and usually bear the 2nd year. The 3rd year branches are literally covered with bright red fruit of superb quality for pies, jam or jelly. Set out at least two of these trees to insure pollination. Select 24 to 36" plants: 2 for \$1.95; 6 for \$5.25.

G-266 IROQUOIS or BIG PROFIT

Jung's Big Profit or Iroquois Musk Melon

Superb Quality. Heavy Yielder.

Vigorous in Growth. Handsome in Appearance.

G-266—An outstanding cantaloupe or muskmelon for either the home garden or market growers. Our improved strain combines resistance to disease with highest quality, and heavy yields. Melons grow 7 in. long, 6 in. in diameter, well defined ribs and good heavy netting; rind hard; flesh rich salmon, thick and deep, fine grained, of excellent quality and flavor. Very small seed cavity. Jung's Special select Seed. Pkt. 12c; oz. 35c; ¼ lb. 95c; lb. \$2.65; 5 lbs. \$12.50.

S-438 WIS. 950 SWEET CORN

Wisconsin "950" Hybrid Sweet Corn

S-438—(80 day) A new and better Hybrid Sweet Corn developed by Prof. Andrew of the Wis. College of Agriculture. We consider it one of the very best as it excels in vigor, yield and quality. Grows a vigorous stalk, 5 to 6 ft. tall which often bear 2 ears to a stalk. Ears 7 to 8 in. long, 12 to 14 rows of bright golden kernels which are remarkably sweet and tender. A superb Sweet Corn for either the home or market garden and unsurpassed for using fresh, canning or freezing. Pkt. 12c; ½ pt. 35c; pt. 60c; qt. \$1.10.

G-410 BANANA SQUASH

The Great Banana Squash

Resistant to Bugs. Good Keepers. Superb Quality.

G-410—This squash keeps equal to Hubbard, is fully as good in quality, more prolific and ripens earlier. The color is grayish green, shell soft so that it can be cut with a knife. It grows 18 to 30 in. long and 6 to 8 in. in diameter, many weighing 25 to 30 lbs.; flesh is very thick, deep orange in color, entirely free from fibre and stringiness. Cooks up perfectly smooth and of the most delicious flavor. Vines are very vigorous growers and more resistant to squash bugs than any other variety. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$1.90; 5 lbs. \$9.25.

Wisconsin "55" Tomato

Vigorous Grower. Handsome Appearance. Large, Smooth, Deep Red Fruits.

G-470—This superb new tomato was developed by Dr. John C. Walker and Dr. James Kuntz of the University of Wisconsin. It ripens as early as John Baer and has all the good qualities of Stokessdale and Rutgers. Compared to these it has larger fruit,

G-470 WIS. "55" TOMATO

no shoulder cracks, no blossom end rot, ripens evenly, is uniform in size, has a strong skin and solid walls so makes an excellent shipper. It is also resistant to defoliation diseases, early blight and leaf spot. Thus far it has out-yielded other varieties by 30%. You will find this to be the top ranking Tomato. Jung's Certified Seed: Pkt. 15c; ¼ oz. 30c; ½ oz. 50c; oz. \$1.00; ¼ lb. \$2.50.

Earliest Garden Collection

14 Big Packets of the Earliest Vegetables for \$1.25

G-499X—If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Crown Seeds which are up-excelled for earliness, hardness and productivity. This collection contains 14 full sized packets as follows:

BEANS—Brittle Wax

BEANS—Topcrop

BEET—Early Wonder

CABBAGE—Golden Acre

CARROTS—First of All

CUCUMBER—Earliest of All

SWEET CORN—Wis. 800

LETTUCE—Best of All

ONION—Ea. Yellow Globe

4 oz. PEAS—Little Marvel

RADISH—Jung's Rapid Red

PUMPKIN—Bush Pie

SQUASH—Bush Table Queen

TOMATO—Jung's Wayhead

If brought at regular catalog price the above would cost \$1.40 but as a special offer we will send the above 14 full packets of Earliest Seeds for \$1.25. Booklet of Culture Instructions free with each Collection.

Select Bush Beans

GIANT TENDERGREEN

Giant Tendergreen Bush Bean

G131—A new green podded bush bean, very productive. Absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green bush bean. Pkt. 10c; ½ pt. 35c; qt. 50c; qt. 95c.

FAIRFIELD WONDER WAX

Fairfield Wonder Wax Bush Bean

G121—Without a Doubt the Finest Wax Bean Ever Introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, ½ inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 12c; ½ pt. 35c; pt. 55c; qt. \$1.00.

BRITTLE WAX

Brittle Wax Bush Beans

The Earliest of ALL BUSH BEANS. Of such excellent quality that it might be termed "Best of All".

G120—The plants are very hardy and vigorous, of true bush growth, about 15 inches high and heavily laden with the long, straight, round and very solid pods from 5 to 7 inches long. The pods are of a rich golden color, very tender and entirely free from strings at all stages of growth. It will stand longer than any other bean without becoming hard. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. \$1.00.

PENCIL POD WAX

Pencil Pod Wax

G122—We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

EVERGREEN BUSH LIMA

Bush Lima Beans

G140—EVERGREEN BUSH LIMA—The earliest of all Lima Beans. By planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c; ½ pt. 35c; pt. 50c; qt. 95c.

G141—FORDHOOK BUSH LIMA NO. 242

This new strain has all of the good qualities of the old variety and in addition is much more productive. Each pod contains 3 to 5 closely packed beans of superb quality. Of true bush type, the plants grow 16 to 20 in. tall, very sturdy and bear an abundant crop of the well filled pod. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

G142—WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large, luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

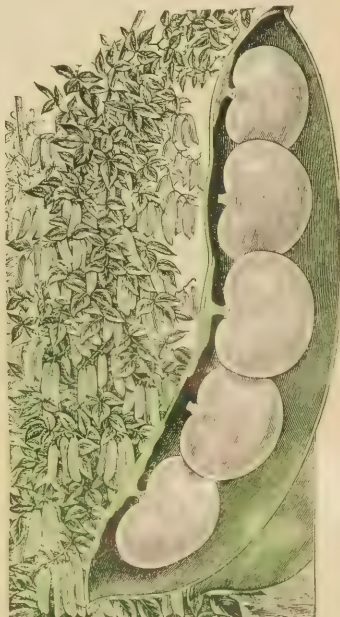

J. H. Warner, Wis.—The Pole Beans you sent me last year turned out wonderful. They stayed green and produced after bush beans dried up.

KENTUCKY WONDER WAX

BLUE LAKES

HENDERSON'S LEVIATHAN

Pole Beans

G148—BLUE LAKES—A great improvement over the old Kentucky Wonder as it is stringless, ready to use earlier and bears a tremendous crop. Pods 6 to 7 in. long, round, stringless, bright dark green and very fleshy. Until you have tasted some of these superb beans you do not know how truly delicious beans can be. A superb bean for freezing or canning. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 95c.

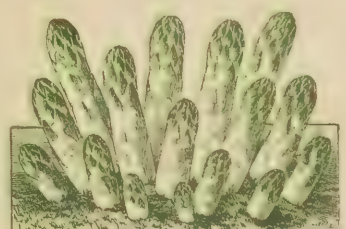

G149—KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 12c; ½ pt. 35c; pt. 55c; qt. \$1.00.

G145—HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety.

G100—This variety is the result of many years work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.65. Extra Select Roots: 25 for 95c; 50 for \$1.75; 100 for \$3.40.

WASHINGTON ASPARAGUS

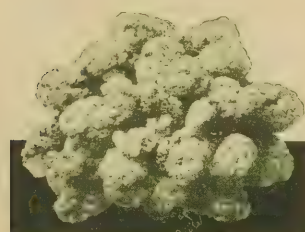

SNOWFLAKE OR 1200 to 1

Cress or Pepper Grass

G202—An annual, making a good salad. Leaves are finely cut and feathery, like a good parsley. It is dwarf and compact in growth, crisp and refreshing. Pkt. 7c; oz. 20c.

Mrs. M. A. Hardy, Mich.—The seeds from you last year were superior to any others we ever planted.

BORECOLE or KALE

CELERY CABBAGE

SWISS CHARD

ENDIVE

Snowflake or

1200 to 1 Field Beans

Ripens Early. Immense Yielder. Handsome Appearance. Unequalled for Soups or Baking.

G139—We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 7c; ½ pt. 25c; qt. 40c; gal. 75c. Not prepaid: Pk. \$2.25; Bu. \$7.25.

BRUSSELS SPROUTS

BRUSSELS SPROUTS

G115—LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the Sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 10c; ½ oz. 25c; oz. 45c.

BORECOLE or KALE

G110—DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. Pkt. 8c; ½ oz. 15c; oz. 25c.

BROCCOLI

G112—ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c; ½ oz. 25c; oz. 45c.

Micheli Celery Cabbage

G175—Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows; then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks beautifully cut and curled. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c; ½ oz. 20c; oz. 35c.

ENDIVE

G229—GREEN CURLED—Mostly sown in June or July for fall use plant in rows about 1 foot apart, thin out to 8 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. Pkt. 8c; oz. 25c; ½ lb. 60c.

SWISS CHARD

G448—LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 8c; oz. 20c; ½ lb. 50c.

Mrs. C. Stockamp, Mich.—Thanks to your seeds from which I had a very fine garden. The Beans, Beets, Carrots and Peas were "tops".

Select Beets

G108—FIREBALL BEET—This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 8c; oz. 20c; ¼ lb. 45c; lb. \$1.50.

FIREBALL BEET

G107—EARLY WONDER—This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 60c.

EARLY WONDER

G106—SELECT DETROIT DARK RED BEET—This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.50.

SELECT DETROIT DARK RED

Jung's Select Carrots

JUNG'S FIRST OF ALL

G183—JUNG'S FIRST OF ALL—A remarkably handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 65c; lb. \$1.75.

Toney Vogel, Mich. — Always had good crops from your seeds.

CORELESS or EARLY MARKET

G180—RED CORED CHANTENAY—A very desirable Carrot in every way. It is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5¼ to 6 inches long, 2¼ inches thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its quality, beautiful appearance and heavy yield make this one of the best carrots for either home or market garden. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 50c; lb. \$1.75.

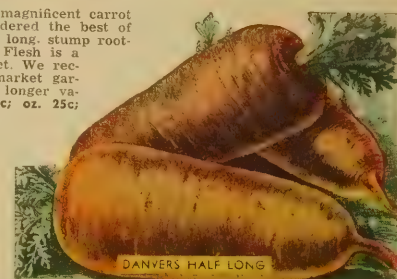

RED CORED CHANTENAY

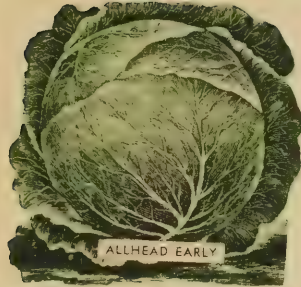

G182—SELECT DANVERS HALF LONG—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens, especially for hard stiff soils where longer varieties will not thrive. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 50c; lb. \$1.75.

Field or Stock Carrot

G189—LARGE WHITE BELGIAN—This is the largest yielding stock carrot grown. Nearly half its length is above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 7c; oz. 20c; ¼ lb. 45c; lb. \$1.60.

DANVERS HALF LONG

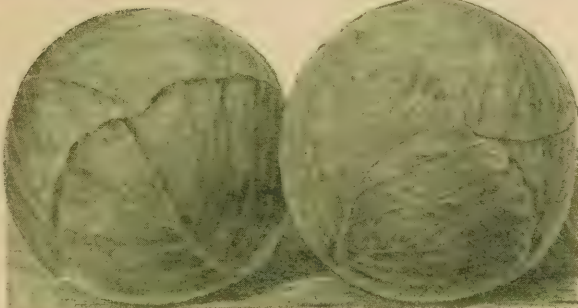

Jung's Select Cabbage

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 plants.

G160—ALLHEAD EARLY—This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully 1000 more than is usual with large cabbage, can be grown to the acre. Pkt. 8c; ½ oz. 20c; oz. 35c.

G170 — SELECT FLAT DUTCH

— It makes a large, round, firm head, uniform in shape and color which seldom rots or burs. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. Pkt. 8c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.00.

SELECT DANISH BALLHEAD

Select Danish Ballhead or Hollander A Grand Hard Headed Cabbage

G161—This type of winter cabbage has become very popular of late years on account of its **UNEQUALLED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled, being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25; lb. \$3.50.

Mrs. M. Winans, W. Va.—From your Cabbage seed I had the best Cabbage that I have had for many years in spite of all the dry weather we had here.

SELECT FLAT DUTCH

Disease Resistant Cabbage

The select strains of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superb quality.

G163—EXTRA EARLY JERSEY QUEEN—A selection of the popular parent and in addition is resistant to "yellows", grows a compact plant and is sure to head. You will find this to be the best "resistant" pointed variety. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25.

Protect your Cabbage from worms, bugs and plant lice by using "Red Arrow" spray. See Page 2.

GOLDEN ACRE

G162—RESISTANT GOLDEN ACRE—An extra fine extra-early Cabbage that has all the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. Extra Select Seed: Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.35.

MARION MARKET

G166—MARION MARKET—One of the most popular and widely grown "yellows" resistant, early round headed cabbage. May be classed as a very select Copenhagen Market as it is early and sure to produce large, round, solid heads. Pkt. 8c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25.

G172—"WIS. BALLHEAD"—This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.50; lb. \$4.50.

WISCONSIN BALLHEAD

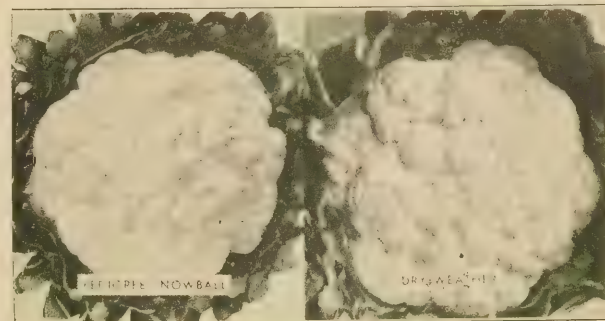

RED DRUMHEAD

G168—RED DRUMHEAD—This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from 7 to 8 inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 8c; ½ oz. 20c; oz. 35c.

PERFECTION SAVOY

G167—PERFECTION SAVOY—This is the hardest heading and best all-round SAVOY. Plants are of strong growth; having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blanched and of the finest flavor. Pkt. 8c; ½ oz. 18c; oz. 35c.

PEDIGREE SNOWBALL

ORIGINAL

Jung's Select Cauliflower

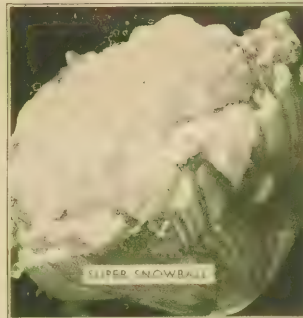

G191—PEDIGREE EARLY SNOWBALL—For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, 6 to 10 inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 10c; ¼ oz. 45c; ½ oz. 75c; oz. \$1.60.

DRY WEATHER—Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 15c; ¼ oz. 50c; ½ oz. 90c; oz. \$1.75.

Super Snowball Cauliflower The Leading Early Cauliflower. Very Early. Sure to Head.

G192—Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. Pkt. 15c; ¼ oz. 60c; ½ oz. \$1.00; oz. \$1.80.

Mrs. J. A. Wenger, Pa.—I like your Dry Weather Cauliflower very much. Never failed me.

SUPER SNOWBALL

SUGAR BEETS

G425—KLEIN WANZLEBEN—This Beet is the result of years of methodical and persevering selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about 16 and its average yield may be stated to be 15 to 16 tons per acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh fine grained and very sweet. Pkt. 7c; oz. 12c; ¼ lb. 35c; lb. \$1.10.

MANGELS

G261—MAMMOTH LONG RED—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 12c; 2 oz. 20c; ¼ lb. 35c; lb. \$1.25.

G260 — GOLDEN TANKARD — A smooth yellow fleshed Mangel. Roots are of large diameter tapering quickly to the bottom which is quite broad with only a small tap root. It yields an enormous crop on good soil and can be closely grown in rows. No root crop is a better paying investment for farmers to grow than Mammoth. Oz. 12c; ¼ lb. 35c; lb. \$1.25.

GOLDEN TANKARD

MAMMOTH LONG RED

FAIRFIELD GIANT

Jung's Select Cucumbers

G216—FAIRFIELD GIANT or LONGFELLOW—The vines make unusually vigorous growth and produce an enormous crop of handsome fruits. They are of a deep color and grow from 12 to 18 inches long being one of the handsomest cucumbers grown. When the fruits are from 6 to 8 inches in length, or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and of the finest flavor. The fruits are very long and slim, which together with their deep green color will make them bring the top prices on all markets. Pkt. 10c; oz. 25c; ¼ lb. 80c; lb. \$2.50.

Improved

Long Green

G218—Deep Green Color Fine for Pickling or Slicing—This is one of the best and most popular stand a r d varieties and you will find our stock to be a very fine strain. The cucumbers are a rich dark green, grow 12 to 16 inches in length and are of the highest table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. Pkt. 8c; oz. 25c; ¼ lb. 75c; lb. \$2.25.

AMERICAN CLIMBING

G210—AMERICAN CLIMBING—A fine cucumber for small gardens as you can grow them on a trellis or fence, also an excellent variety to grow like other varieties. Comes into bearing quickly and is very prolific; as many as 40 fruits have been grown on a single vine. Full grown fruits will measure 12 to 16 in. long. Flesh is pure white, tender and of delicate flavor. When young the fruits make very attractive pickles. Pkt. 8c; oz. 20c; ¼ lb. 70c.

IMP. LONG GREEN

DILL

G225—This herb is used in large quantities in the making of Dill Pickles also for flavoring vinegar. Pkt. 8c; oz. 25c.

CRYSTAL APPLE

G214—CRYSTAL APPLE—A vigorous growing and very productive cucumber which is rarely bothered by bugs. Fruits are almost round, the mildest flavored of all cucumbers being very sweet and for this reason one of the best varieties for salads, also well suited for making pickles. Pkt. 8c; oz. 25c; ¼ lb. 75c; lb. \$2.50.

Jane Meyering, N.Y.—Your Honey Cream Sweet Corn is wonderful. It's superb flavor is unsurpassed.

CHICAGO PICKLING

"True Yellow" Ground Cherry

G230—These plants are low and spreading and produce their luscious fruits in great abundance. Excellent for pies and make delicious preserves as the fruit has a strawberry flavor. Of easy culture and will succeed in most any garden. Pkt. 10c; 3 pkts. 25c.

GROUND CHERRY

NEW COLORADO

G212—NEW COLORADO—An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bountifully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 10c; oz. 25c; ¼ lb. 80c; lb. \$2.50.

FIGHT CUCUMBER BUGS WITH RED ARROW
See Page 2

EARLIEST OF ALL

Earliest of All

G215—By planting this variety you can have cucumbers ready to use when others are only in bloom. Not only is it extra early but it also produces fruit of fine quality and is very productive. Excellent for slicing or pickling and will continue in bearing a long time if fruits are kept picked. Pkt. 8c; oz. 25c; ¼ lb. 65c.

Luscious Tender Sweet Corn

Our stocks of Sweet Corn are mostly of our own growing and are of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality, plant some of this seed. Our Sweet Corn is grown on our seed farms where Stewart's Disease or wilt is unknown.

Extra Early Dwarf Sweet Corn JUNG'S HONEY CREAM

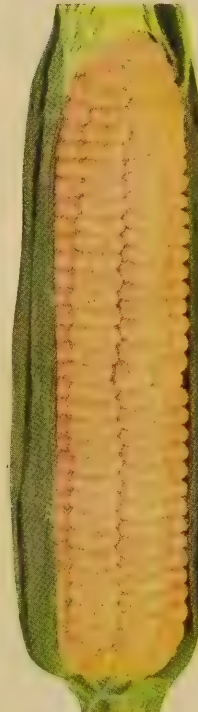

Until you grow some of this superb Sweet Corn you have not tasted really delicious sweet corn. It is by far the most tender and delicious variety and does not become tough and "mealy" like most varieties. It is very early (65 to 68 days); the stalks are dwarf and can be planted closer than larger varieties so is well suited for small gardens. The ears are 6 to 7 in. long and have 10 to 12 rows of silvery white kernels that have practically no skin or hull. The quality is superb, very tender, unusually sweet and of delicious flavor. One of the best varieties for canning, freezing or fresh table use. Pkt. 12c; ½ pt. 35c; pt. 60c; qt. \$1.00.

Extra Early Golden Bantam

G432—This variety is pronounced the favorite because of its extreme early character, vigorous growth and has the richest flavor of all. Besides being early, it is very hardy and permits the earliest planting. The stalks are dwarf in growth averaging 4 ft. in height. The ears are from 5 to 7 in. long and the grain is a bright golden yellow color. In flavor it is exceptionally rich and sugary and by everyone admitted to be the richest flavored Sweet Corn. The small stalks can be planted close together. For productiveness and quality it leads all varieties. The seed we offer is a special stock of our own growing and for earliness and sweetness is unexcelled. Pkt. 10c; ½ pt. 30c; pt. 45c; qt. 85c.

G430—GOLDEN OR BANTAM EVERGREEN—This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 80c.

G440—WHITE EVERGREEN—The leading late variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 8c; ½ pt. 25c; pt. 45c; qt. 75c.

GOLDEN BANTAM

BANTAM EVERGREEN

HONEY CREAM

WHITE EVERGREEN

THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED

EGG PLANT

G227—BLACK BEAUTY—The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits, which weigh from 1 to 3 pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear 8 to 10 immense fruits before being killed by frost. Pkt. 10c; ½ oz. 35c; oz. 65c.

EGG PLANT

TURNIP CELERY

G195—This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables for flavoring soups, or sliced and used as a salad. Pkt. 8c; ½ oz. 20c; oz. 35c.

CELERY

G197—GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self-Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 ft. tall and 4¼ inches thick. Has been blanched in the remarkably short period of 5 days. Pkt. 10c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.95.

G196—UTAH NO. 15—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact, stalks broad and thick, exceptionally solid and crisp; of nutty flavor and fine quality, free from strings and fibre. Pkt. 10c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.95.

G198—GOLDEN SELF-BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanched to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 10c; ½ oz. 35c; oz. 60c.

Crisp Tender Lettuce

G244—EARLIEST WAYHEAD—This is our quickest growing and most handsome extreme-early Lettuce. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the head is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. Pkt. 8c; oz. 25c; ¼ lb. 70c.

G246—JUNG'S ALL CREAM—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are all most white and wonderfully crisp and tender. Pkt. 10c; oz. 30c; ¼ lb. 75c; lb. \$2.50.

G240—BIBB or BUTTERHEAD—An early head Lettuce of remarkably fine quality. Leaves are of heavy substance, deep green and interior of heads is golden yellow. For best results sow the seed thinly and as early in the spring as the soil can be worked as it heads best before hot weather sets in. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. 90c.

Minihybrid 250 Popcorn

G355—Just like other hybrid corn this fine pop corn has unusual qualities such as strong stalks, heavy roots, uniform ears and yields heavily. It surpasses all other varieties in yield, quality and popping expansion. A quart of this corn will make 20 qts. after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unequalled. Nothing better to be had. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. \$1.00; 5 qts. \$4.60.

MINIHYBRID POP CORN

Early Virginia Peanuts

G325—This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 7c; pt. 35c; qt. 65c.

FANCY GOURDS

Fancy Mixed Gourds

F595—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c; ¼ oz. 15c.

ICEBERG

SELECT GRAND RAPIDS

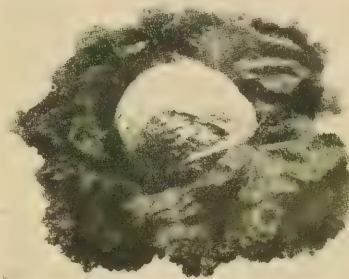

BEST OF ALL

Great Lakes Head Lettuce

Crisp and Tender. Sure to Head.

G248—A remarkable fine new Head Lettuce that will stand up and produce nice solid heads even during hot weather. The heads are of good size, attractive deep green in color, with crisp tender leaves, interior of heads bleaches to a creamy white color. Remains in fine condition long after the heads are formed as it is slow to run to seed. Why pay high prices for head lettuce when you can grow even better ones in your own garden? Plant thin as the plants need room to head. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.45.

GREAT LAKES

G247—SELECT GRAND RAPIDS—A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. Pkt. 8c; oz. 25c; ¼ lb. 70c; lb. \$2.25.

G241—BEST OF ALL OR TENDERLEAF—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resistor. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 8c; oz. 25c; ¼ lb. 65c.

G249—ICEBERG—The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 8c; oz. 25c; ¼ lb. 75c.

Chicken or Rabbit Lettuce

G242—Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 7c; oz. 15c; ¼ lb. 50c; lb. \$1.90.

CHICKEN OR RABBIT LETTUCE

G-275 SELECT HONEY ROCK

Jung's Select Honey Rock

Sweet as Sugar. Solid as a Rock, Heavy Yields. Handsome Appearance.

G275—Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 10c; oz. 30c; ¼ lb. 65c; lb. \$2.50.

Select Muskmelons

Special Extra Early Knight

G268—Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2½ to 4 pounds. The skin is green ribbed and yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. Pkt. 8c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

J. O. Samuelson, Ill.—We are well pleased with our garden grown from Jung's Seeds. Many compliments on the fine strains of flowers. Your "Big Profit" melons are a "must" in our garden.

G-268 EXTRA EARLY KNIGHT

Super Hale's Best Cantaloupe

G272—Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size, and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. Extra Select Seed. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$2.25.

G-272 HALE'S BEST

G-271 GRANITE STATE

New Granite State

Extra Early. Superb Quality. 1951 Award Winner.

G271—An extra early, high quality muskmelon of the Honey Rock type that was developed by the N. H. Agricultural College and is well suited for regions where earliness is a main factor. Vines are vigorous and compact but remarkably productive. Fruits average 5 in. long by 4½ in. in diameter and are well netted, a sure sign of quality. Flesh is very thick, deep salmon and of excellent quality with a high sugar content. A high quality melon for both the home and nearby markets. Pkt. 12c; oz. 35c; ¼ lb. 90c; lb. \$2.50.

Giant Early Wonder

Mammoth Size. Superb Quality. Beautiful Appearance. An Excellent Melon for the Home or Market Garden.

G270—A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, rind heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. Extra Select Seed: Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$2.35.

G-270 GIANT EARLY WONDER

Protect Your Melons

Fight Insects With

RED ARROW GARDEN SPRAY

M60—One of the best and most widely used Garden Sprays for controlling bugs and insects such as aphids, cabbage worms, cucumber beetles, thrips, etc. This spray is deadly to insects but harmless to humans, birds and animals. Will not burn delicate leaves or tender flowers. Mixes easily with even hard water and has ingredients making it spread and stick to the foliage. We consider this one of the most satisfactory garden sprays for both flowers and vegetables. Simply mix 1 teaspoonful of this spray with a qt. of water and spray on both top and under side of leaves.

1 oz. Bottle (makes 2 gals. spray) 35
4 oz. Bottle (makes 8 gals. spray) 1.00
1pt. Bottle (makes 32 gals. of spray) 2.85

G-280 MUSTARD

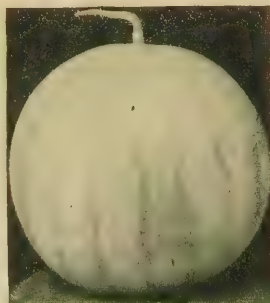

MUSTARD

G280—GIANT CURLED—The leaves are large, light green with a tint of yellow much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardness and good quality. Pkt. 7c; oz. 20c.

BANANA MUSKMELON

G265—A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 10c; oz. 25c; ¼ lb. 70c.

G-200 CITRON

CITRON

G200—COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 8c; oz. 20c; ¼ lb. 45c.

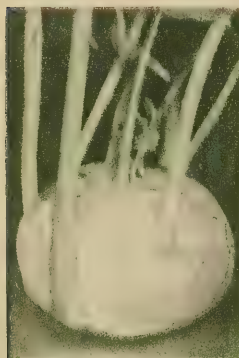

KOHL RABI

G232—EARLY PURPLE VIENNA—This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooking in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 8c; ½ oz. 25c; oz. 40c.

G233—WHITE VIENNA—This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about 2 in. in diameter. Pkt. 8c; ½ oz. 25c; oz. 40c.

LEEK

G235—LARGE AMERICAN—Most highly esteemed for flavoring soups, stews, etc. The plants are of vigorous growth and have extra long stems which branch to a snowy whiteness. Cultivate the same as for onions. Pkt. 10c; ½ oz. 20c; oz. 35c.

G-235 WHITE VIENNA

HERBS

G492—ANISE—Used for cordials, garnishing and flavoring. The seeds have an aromatic taste. Pkt. 8c.

G225—DILL—Used in large quantities in making Dill Pickles; also for flavoring vinegar. Pkt. 8c; oz. 25c.

G493—Sage—Sow in rich soil and thin plants to 15 in. apart. Used for flavoring and dressing. Pkt. 8c.

G495—SWEET MARJORAM—The leaves and end shoots are esteemed for seasoning in summer and also dried for winter use. Pkt. 8c.

G494—SUMMER SAVORY—The leaves and flowers are used extensively for flavoring, particularly in soups and dressings. Pkt. 8c.

G496—THYME—The leaves are used for seasoning. Pkt. 8c.

Edwin C. Saunders, Ohio—Jung's Seeds were the best I ever planted, my garden was a show spot.

SUNFLOWER

G428—EARLY ADVANCE—This variety matures earlier than the old Mammoth Russian, grows a shorter stalk and makes a better quality feed. Sunflower seed is an excellent and cheap feed for poultry and fowl of all kinds. They eat it greedily, fatten well and attain a bright lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Also an excellent food for birds and parrots. Plant the same as you would corn any time from early spring up to the first part of June. Oz. 10c; ½ lb. 35c; lb. 60c; 5 lbs. \$2.25.

G-428 SUNFLOWER

Jung's Select Watermelons

G489—EXTRA EARLY NORTHERN SWEET—A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Canada, has been grown to maturity in 75 days. Not only is it the earliest but is also a very good quality, flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.85; 5 lbs. \$8.75.

Wilt Resistant Dixie Queen

Large in Size, Superb in Quality. Handsome in Appearance.

G483—A superb new Watermelon that will delight the most critical grower. It has all the good qualities of Dixie Queen and in addition is resistant to wilt. The melons are almost round in shape, of good size (30 to 40 lbs.) rind is tough making it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$1.95; 5 lbs. \$9.00.

Mr. John Fairchild, Pa.—Planted your Congo Watermelon last season and in spite of a severe drought had an abundance of the best flavored melons we ever grew.

G-G-483 DIXIE QUEEN

Our Melon Seed is all grown from the most carefully selected planting stock and no effort nor expense is spared in growing in our seed field. You will find Jung's Melon seed to be of unusually fine quality.

G-486 KLECKLEY SWEETS

Anthracnose Resistant
"CONGO"

G481—An excellent new Watermelon resistant to anthracnose that was developed by the U. S. Dept. of Agriculture and which is rapidly gaining in favor as a shipper. Fruits are oblong, of large size, with firm rind, dark green with faint light green striping. The flesh is bright red, fine grained and high in sugar content. Pkt. 10c; oz. 30c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.65.

G-481 CONGO

Golden Honey Sweet

A Delicious Yellow-Fleshed Watermelon. Ripens Very Early.

G485—A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 10c; oz. 25c; ¼ lb. 65c.

"BLACKLEE" Wilt Resistant Watermelon

G480—In many sections of our country ordinary strains of Watermelons often fail due to fusarium wilt. This destructive disease cannot be controlled except to plant varieties that are resistant to this ailment. Blacklee is a vigorous grower and highly resistant to wilt, it bears a heavy crop of melons weighing as much as 40 lbs. Rind is dark green, thin but tough; flesh deep red in color, fine grained, very sweet, firm and of excellent quality. The black seeds present a striking contrast of colors. Pkt. 10c; oz. 25c; ¼ lb. 70c; lb. \$2.00; 5 lbs. \$9.25.

G-480 BLACKLEE

G-315 MOSS CURLED PARSLEY

PARSLEY

G315—MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for flavoring and garnishing. Pkt. 7c; oz. 20c.

G316—TURNIP ROOTED—This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 7c; oz. 25c.

Mrs. R. Kujak, Minn.—Your seeds are wonderful, have also planted your Onion Sets for a few years and must say they are grand, the best keepers I've ever had. Your "Glads" are beautiful.

Hybrid Onion Sets

G-305—Hybrid Onions are rapidly becoming famous for yield, uniformity, quality and long keeping. We now have sets to offer and by planting them you will be able to grow onions of extra large size and which will keep until spring. If planted early on rich soil and given sufficient room onions weighing a pound can be grown. They cost but little more than standard varieties this year. Order Early. Qt. 50c; 3 qts. \$1.20.

Victor Onion Sets

G-307—These famous sets are very popular and widely used for both green onions and winter use. The ordinary often run to seed but very few of these sets will produce seed heads but instead will mature into a handsome bulb of deep yellow color, very solid and excellent keepers. We guarantee them to give satisfaction. Qt. 45c; 3 qts. \$1.00.

Notice

Due to high cost of postage and containers no orders for Onion Sets can be filled unless other items are ordered at the same time.

J. Johnston, Pa.—I have had great success with your seeds and especially the Onion Sets. Never had any that produced so well or as good in quality and flavor.

G-305 HYBRID ONION

G-307 VICTOR ONIONS

G-489 EXTRA EARLY NORTHERN SWEET

G-484 EARLY KANSAS

G484—EARLY KANSAS—One of the newer early melons that is rapidly gaining in popularity as it has earliness, good size and high quality. Melons are deep emerald green with paler green stripes, nearly round and often grow to weight of 25 to 30 lbs. Flesh is rich red and of the highest quality, a superb melon in every way. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.70; 5 lbs. \$8.00.

G-485 GOLDEN HONEY SWEET

J. W. Jones, Fulda, Minn.—Have had wonderful success with my garden grown from your seeds for the past dozen years.

G-490 KING WINTER MELON

King Winter Melon

G490—By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. Pkt. 10c; oz. 25c; ¼ lb. 65c.

GIANT SWEET SPANISH

Giant Sweet Spanish Onion

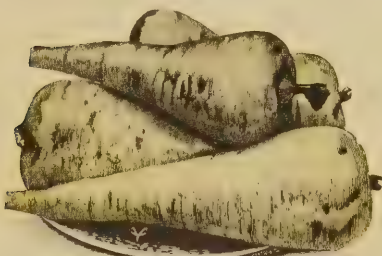

Giant in Size. Heavy Yielder. Sweet Mild Flavor.
6300—Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions. Seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special strain of seed which was grown from only carefully selected bulbs. Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.20; lb. \$4.00; 5 lbs. \$19.50.

Sweet Spanish Onion Plants

6310—By using these early started plants you can grow onions weighing up to 1 lb. each and they are ready to harvest much sooner than from spring sown seed. 2 bundles (about 200 plants) \$1.00; 5 bundles (about 500 plants) \$1.90; 10 bundles \$3.50.

Early Yellow Globe

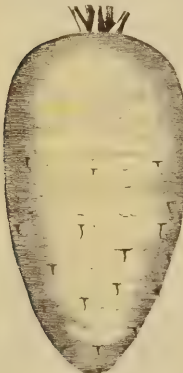

6290—This variety will mature 10 days to two weeks earlier than Southport Yellow Globe and is especially suited to sections where seasons are short. It is a good yielder and a much better keeper than most other early varieties. Bulbs grow 2 1/2 in. in diameter, globe-shaped, skin is deep yellow flesh pure white, solid and of excellent quality. Where quick maturing early onions are wanted this variety should be used. Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.10; lb. \$3.90; 5 lbs. \$18.75.

WHITE SUGAR

PARSNIPS

6320—WHITE SUGAR or PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from side-roots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored; cooking tender, sweet and rich. Pkt. 8c; oz. 20c; 1/4 lb. 50c; lb. \$1.50.

STUMP ROOTED

Okra

6282 — WHITE VELVET—The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 8c; oz. 20c.

OKRA

Three True Globe Onions

We make a specialty of HIGH GRADE ONION SEED. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheaper when you compare the resulting crop.

Select Southport Yellow Globe

6297—This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging 9 to 10 inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. 90c; lb. \$3.50; 5 lbs. \$16.95.

Select Southport Red Globe

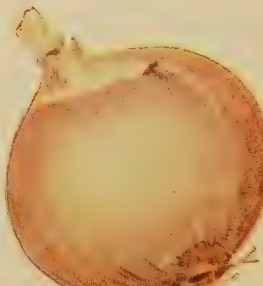

6296—A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1,000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. 95c; lb. \$3.50.

Select Southport White Globe

6298—The most beautiful onion grown, being of symmetrical globe shape with a smooth satiny skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference, and is solid and heavy. The flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark, dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.25; lb. \$4.25.

Silverskin or White Portugal

6295—A leading white, flat onion. The bulbs attain a good size, ripen evenly and the prior is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. Pkt. 10c; 1/2 oz. 35c; oz. 45c; 1/4 lb. \$1.25; lb. \$4.75.

EARLY YELLOW GLOBE

SILVERSKIN

BUNCHING ONION

White

Bunching Onion

6301—Does not form bulbs but grows into long silvery white stalks which are used for bunching the same as green onions. They grow in clusters and when sown early will be ready for use after onions grown from sets are gone. Where winters are not too severe seed may be sown in the late summer and will then start early in the spring. Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.25.

CALIFORNIA WONDER

WORLD BEATER

Peppers

6346—EARLY GIANT—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. Its ripened fruit average 5 in. long by 3 in. in diameter, of deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of a pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.25.

EARLY GIANT

Oshkosh

The Best Yellow Pepper.

6347—A very distinct and desirable large fruited Pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average 4 1/2 in. in length by 3 1/2 in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. Pkt. 10c; 1/2 oz. 45c; oz. 85c.

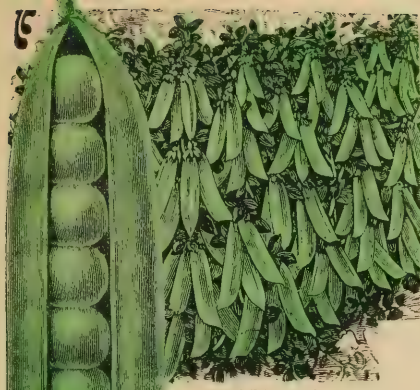

OSHKOSH

6345—CALIFORNIA WONDER—A magnificent Pepper resembling Chinese Giant in its large size and "blocky" form. Full grown peppers will measure 4 1/2 in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardens. Pkt. 10c; 1/2 oz. 40c; oz. 75c; 1/4 lb. \$2.25.

6349—WORLD BEATER — The very best extra large Pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 1/2 in. long by 3 1/2 in. in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 8c; 1/2 oz. 35c; oz. 60c; 1/4 lb. \$2.00.

6348—LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 8c; 1/2 oz. 30c; oz. 50c.

BLUE BANTAM

Blue Bantam

A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4½ in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying it out. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

SELECT LITTLE GEM—One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. Vines grow 14 to 16 in. tall, require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem". Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

Jung's Honey Sweet

One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high, and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

Edible Podded Peas

MAMMOTH MELTING SUGAR—This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure 5 in. long, are so tender and brittle that they snap like glass; they have no strings. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 90c.

GROW MORE AND BETTER PEAS BY USING NOD-O-GEN.
See Page 2.

Mrs. W. L. Kreger, Mich.—Have planted your seeds for several years always have a fine garden, have never had Peas which produce so abundantly.

PUMPKINS

LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about 10 inches in diameter, almost globe-shaped and ripens early. The skin is finely netted and in color a beautiful golden russet which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving Day plant **LUXURY PIE**. Pkt. 10c; oz. 25c; ¼ lb. 65c.

BUSH PIE-PUMPKIN—A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies: Pkt. 7c; oz. 25c; ¼ lb. 60c.

HUNDREDWEIGHT—You will be greatly surprised at the size to which pumpkins can be grown when you plant this variety, specimens have been grown weighing over 100 lbs. It is also of remarkably fine quality as the flesh is fine grained, sweet and tender and of excellent quality for pies. Pkt. 10c; oz. 25c; ¼ lb. 65c.

BIG TOM FIELD PUMPKIN—Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 in. in diameter, round or oval in form. It is the hardiest of all pumpkins and is good for pies. Pkt. 7c; oz. 20c; ¼ lb. 45c; lb. \$1.50.

BUSH PIE PUMPKIN

HUNDREDWEIGHT

TENDERSWEET

GIANT PODDED EARLY

Jung's Luscious Garden Peas

GIANT PODDED EARLY—An exceptionally early pea, as early as Alaska with pods one-fourth larger. Vines grow medium height, very robust and productive. Pods 3½ to 4 in. long and contain 7 to 8 large peas. A very fine extra early Pea that can be sown as early in the spring as the soil can be worked. Pkt. 8c; ½ pt. 30c; pt. 45c; qt. 85c.

LITTLE GEM

LITTLE MARVEL

EXTRA EARLY LITTLE MARVEL—The vines are of dark green even growth averaging 15 inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about 4 inches in length, are square at the bottom and well filled with six or seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

Everbearing

A fine second-early or main crop Pea which combines quality and yield and will continue a long time if the pods are kept picked. It has a remarkable habit, sometimes forming as many as six stalks which accounts for its great yields. The pods are of good size, and contain from eight to ten large peas which are of remarkable fine quality. Pkt. 8c; ½ pt. 30c; pt. 50c; qt. 90c.

EVERBEARING

PEAS FOR FREEZING

The following are especially suitable: Blue Bantam, Giant Tendersweet and Jung's Honey Sweet.

Giant Tendersweet Peas

Immense Pods, Heavy Yielder, Superb Quality.

A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall require no brush and bear the giant sized pods in profusion. Pods are 5 to 5½ in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. Pkt. 10c; ½ pt. 35c; pt. 55c; qt. 95c.

MAM. MELTING SUGAR

SPECIAL OFFER NO. 9

To have a supply of fresh, tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

½ pt. of ea. for \$1.40

1 pt. of ea. for \$2.50

1 qt. of ea. for \$4.25

Crisp Tender Radishes

We take much pride in our select stocks of Radish seed. It is grown from carefully selected roots and will produce Radishes of mild flavor and with less leaves than the seed usually offered.

RAPID RED—This we find to be the quickest maturing of them all. Radishes having been grown in the short period of 18 days. Its attractive color and small tops makes it especially desirable for forcing. The flesh is pure white, very crisp and tender. If you want to be the first on the market with Radishes that will command fancy prices then plant "RAPID RED". Pkt. 7c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

"CHERRY BELLE"—An "All America" prize winner, an outstanding radish for earliness, quality and appearance. Round and red as a cherry and often ready to use in 25 days, very uniform in size and shape. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small making it an ideal variety for bunching. Pkt. 10c; oz. 25c; ¼ lb. 50c; lb. \$1.40.

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the tops shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 8c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

FRENCH BREAKFAST—An early medium sized radish, olive shaped, very crisp and tender; of a beautiful bright, scarlet color tipped with white. It grows about 2 in. long and is decidedly stump rooted. A splendid variety for the table for its excellent quality and the beautiful color are unexcelled. It is a quick growing and exceedingly popular variety. Pkt. 7c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

CRIMSON GIANT GLOBE—This new variety is suitable for both forcing and growing outdoors. It is a fine shaped, bright red Radish, growing quickly to large size (see illustration). The Radish is a deep globe shape and 1½ in. in diameter. Skin is thin and tender and of a deep crimson color. The flesh is pure white, crisp and of mild flavor. The roots are entirely free from hollow centers and pithy fibre. Pkt. 7c; oz. 18c; ¼ lb. 35c; lb. \$1.10.

SELECT EARLY WHITE ICICLE—Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 in. long and are ready for use in about 25 days after sowing. Pkt. 8c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

WOOD'S EARLY FRAME—This is one of the earliest long varieties. It is of a beautiful scarlet color, shading to white towards the tip. It is always juicy, tender, delicious and free from pith and sharpness so often found in long Radishes. Very much used for growing under glass. You will be delighted with this variety. Pkt. 7c; oz. 15c; ¼ lb. 35c.

EARLY HAILSTONE

EARLY HAILSTONE—The Earliest and Quickest Growing WHITE RADISH in Cultivation. It is ready for use from 15 to 18 days after sowing. The Radishes are regular shaped, measuring 1 in. in diameter and about ½ in. in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 7c; oz. 18c; ¼ lb. 40c; lb. \$1.25.

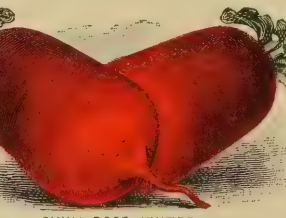

CHERRY BELLE

FRENCH BREAKFAST

SELECT EARLY WHITE ICICLE

CHINA ROSE WINTER

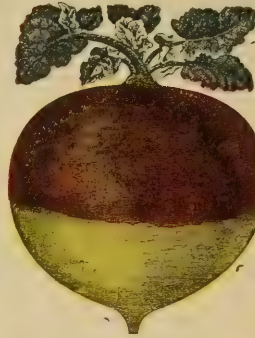

CHINA ROSE WINTER RADISH—This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 7c; oz. 17c; ¼ lb. 35c; lb. \$1.10.

RUTA BAGAS

IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 8c; oz. 15c; ¼ lb. 35c; lb. \$1.25; 5 lbs. \$5.90.

IMP. PURPLE TOP YELLOW

LAURENTIAN OR PERFECT MODEL

PERFECT MODEL or LAURENTIAN—A highly improved Ruta Baga that is giving satisfaction where ever grown. A heavy yielding, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe-shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 8c; oz. 18c; ¼ lb. 40c; lb. \$1.35; 5 lbs. \$5.35.

S. Seliga, Jr., Minn. — Your Perfect Model Ruta Baga can't be beat.

TURNIPS

EXTRA EARLY WHITE—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.25.

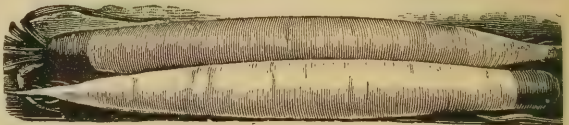

PURPLE TOP WHITE GLOBE

GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.20; 5 lbs. \$5.50.

GOLDEN BALL

PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure 6 inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 7c; oz. 20c; ¼ lb. 40c; lb. \$1.10; 5 lbs. \$4.95.

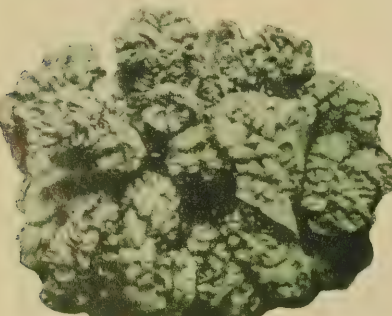

SALSIFY

Spinach

LONG STANDING BLOODSALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 7c; oz. 15c; ¼ lb. 35c; lb. \$1.10.

KING OF DENMARK—This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a Savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. Pkt. 8c; oz. 15c; ¼ lb. 35c; lb. \$1.00.

KING OF DENMARK

LONG STANDING BLOODSALE

Salsify

MAMMOTH SANDWICH ISLAND—One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 10c; oz. 30c; ¼ lb. 80c; lb. \$3.00.

◀ THE PRODUCTS OF JUNG'S SEEDS ARE UNEXCELLED ▶

Jung's Northern Grown Tomato Seed

We take pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce more solid fruit and healthier plants than seed grown farther south. It is folly to use cheap tomato seed for it takes only a few ounces to plant an acre.

Jung's Private Stock "John Baer"

G457—This is a widely grown and very popular early Tomato. First fruits ripen early and it continues to bear for a long time. Plants are vigorous growers and bear the large, smooth red fruits in great quantities. It has always been a great favorite with out customers. Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit, than seed grown farther south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.00; lb. \$6.50.

G458—**SUPER SELECT JOHN BAER**—For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest of crownset fruits. Sure to please. Pkt. 15c; ½ oz. 65c; oz. \$1.00; ¼ lb. \$3.00.

G454—**URBANA or GIANT EVERBEARING**—A wonderful tomato that commences to ripen early and continues to bear throughout the season; the later fruit is just as perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants make strong vines that produce large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are a bright glossy red, flesh is solid, contains few seeds and is of exceptionally fine flavor. Choice seed of our own growing. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.00.

G464—**TRUCKER'S FAVORITE**—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop Tomato, Trucker's Favorite cannot be beaten. Pkt. 10c; ½ oz. 40c; oz. 75c; ¼ lb. \$2.25.

G460—**MARGLOBE or CORELESS**—We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet globe-shaped tomato, fruits are very smooth, free from core and often weigh 1 pound each. We offer select seed of our own growing. Pkt. 8c; ½ oz. 40c; oz. 75c; ¼ lb. \$1.95.

G461—**SUPER SELECT MARGLOBE or CORELESS**—This seed has been saved from only the first or crown-set fruits. The plants were especially selected for producing large, early-ripening tomatoes. Pkt. 15c; ½ oz. 65c; oz. \$1.00; ¼ lb. \$3.00.

DuPont Garden Dust Prevents Tomato Blight

M24—We can highly recommend this preparation as it may be used as a spray or dust. It will not only protect your plants from insects of all kinds but will also prevent disease such as blight, rust and wilts. Especially good on Potatoes and tomatoes as it will keep the vines green and healthy, also for flowers such as roses, phlox and others that are subject to blight, rust or mildew. This combination is all that is needed, not necessary to use several different sprays or dusts. Full instructions on every can. 8 oz. (filled) Dust Gun 85c; lb. can \$1.20; 3 lbs. \$2.95.

Otis Dick, Minn.—I had a wonderful garden from the seeds I ordered from your Co. The tomatoes, the John Baer, were of excellent quality.

WHITE WONDER

G449—**WHITE WONDER**—A wonderful tomato which has creamy white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seeds of our own growing. Pkt. 10c; 3 pkts. 25c.

Mrs. Marcus Peia, Wash.—I am well pleased with your seeds, especially the tomato. Never before had such nice tomatoes and so many on one vine. Very good flavor also.

Giant Oxheart

G462—**THE LARGEST OF ALL TOMATOES**—Superb in Quality, Firm, Solid Flesh—If you wish to surprise your friends with truly large tomatoes plant Oxheart. Single fruits have been grown weighing 2 lbs. each. The fruits are Oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new tomato will delight and please you. Pkt. 15c; ½ oz. 75c; oz. \$1.25.

Jung's Earliest Tree

Enormous Yields. Bright Red. Early and Large.

G450—A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about 2 ft. and are stiffly erect until they become overloaded with fruit. The fruit is produced in clusters of 3 to 5 and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruit have a solid meaty center and no hard core and produce but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. Pkt. 10c; ½ oz. 45c; oz. 80c.

GIANT CLIMBING

GOLDEN DWARF CHAMPION

G453 — **JUNG'S GIANT CLIMBING** — Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on a trellis or stakes. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruit are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. Select seed of our own growing. Pkt. 12c; ½ oz. 50c; oz. 80c.

Mrs. Jack Glessing, Wis.—I am very satisfied with your seeds. Everyone was amazed at all the tomatoes I had last year.

G455 — **GOLDEN DWARF CHAMPION** —The Dwarf Champion owes its wide popularity to its stiff, vigorous growth with smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 10c; ½ oz. 45c; oz. 80c.

FANCY PRESERVING TOMATOES

Fancy Small Tomatoes

G452—**FANCY MIXED PRESERVING**—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 8c; 2 pkts. 15c.

GIANT STRAIGHTNECK

COCOZELLE

Select Summer Squash

COCOZELLE

The Most Delicious and Finest Flavored Summer Squash.

G412—Of compact bush growth, the vines yield heavily of fruit averaging 14 in. long and 5 in. in diameter, dark green in color with the yellow and green striping. Used when 10 in. long and perfectly green. Pkt. 8c; oz. 20c; ¼ lb. 60c; lb. \$1.75.

G418—MAMMOTH WHITE BUSH—An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. Pkt. 8c; oz. 20c; ¼ lb. 50c.

MAMMOTH WHITE BUSH

G414—GIANT STRAIGHTNECK—A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 7c; oz. 20c; ¼ lb. 45c.

Select Winter Squash

BUTTERCUP

"BUTTERCUP" The Quality Squash

Superb Quality. Excellent Keeper. Heavy Yields.

G411—A splenoid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color mature early, and are excellent keepers. The flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. The Highest Quality Winter Squash. Pkt. 10c; oz. 25c; ¼ lb. 75c; lb. \$2.50; 5 lbs. \$12.00.

G409—BUSH BUTTERCUP—This is a bush type of the famous Buttercup making it an ideal squash for the small garden where space is limited. You can now grow top quality squash in your family garden as the bush is but 3 to 4 feet in diameter and bears fusely. Same high quality as the popular "Buttercup". Pkt. 12c; oz. 35c; ¼ lb. 95c.

BUSH TABLE QUEEN

Uconn or Bush Table Queen

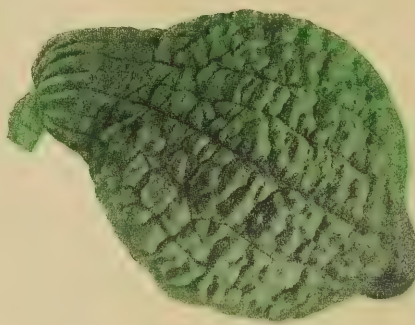

G420—This splendid new squash has all the good qualities of the old variety and in addition is a true bush type so you can now grow superb quality squash in a small space. Vines grow only about 3 ft. long and bear from 3 to 6 squash on a vine. The squash are just the right size to serve baked or buttered and they will keep all winter, also a fine variety for pies. Pkt. 10c; oz. 25c; ¼ lb. 65c; lb. \$1.85.

G415—GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright golden yellow. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$1.85; 5 lbs. \$9.00.

G419—TABLE QUEEN—A squash that will suit the most exacting taste. If you want something in extra fine 'eats' cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. Pkt. 8c; oz. 25c; ¼ lb. 60c; lb. \$1.75.

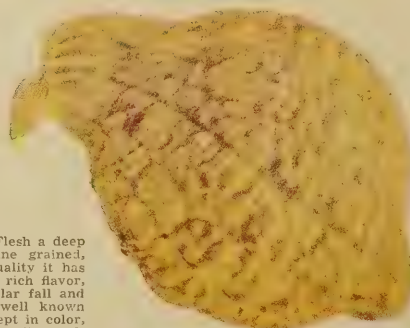

TABLE QUEEN

IMPROVED HUBBARD

G416—IMPROVED HUBBARD—This is a superior selection of this famous variety and one of the best winter squashes, flesh bright orange yellow, fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartsiness of the shell but the latter peculiarities are largely determined by the soils in which the squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be pure Hubbard. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$1.90; 5 lbs. \$9.25.

GOLDEN HUBBARD

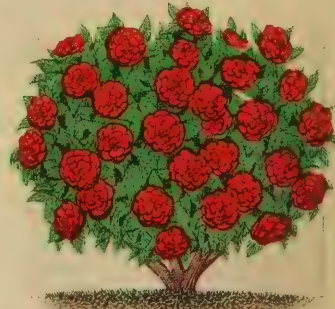

Four Superb Annuals

Color and Beauty from Early Summer Until Frost.

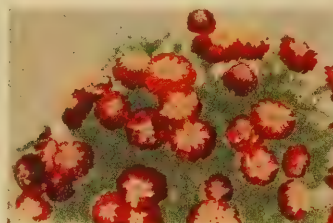

Double Bush Balsam

Rival Roses in Beauty. Bloom from July till Frost. Not Bothered by Insects or Disease. Sure to Bloom.

F532—GARDENIA FLOWERED—A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 15c; 2 pkts. 25c.

BUSH BALSAM

DWARF MARIGOLDS

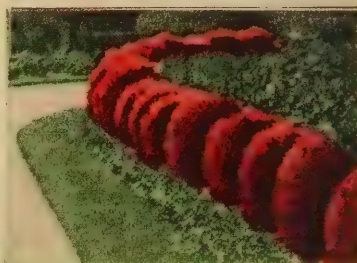

Dwarf Marigolds

F620—LITTLE MIDGETS MIXED—There are few, if any, of the low growing annuals that produce a profusion of flowers for a longer period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 8c; ¼ oz. 20c.

Christmas Kochia--The Annual Hedge

Grow a Beautiful Hedge 3 ft. Tall from Seed Sown in the Spring.

F605—Sow the seed thinly early in the spring and in 6 to 8 weeks you will have a beautiful hedge. Will grow to a height of 3 to 4 ft. and will be very dense and symmetrical from the start. Plants are a rich green until frost after which they turn to a rosy claret red. Easy to grow and not bothered by insects. Pkt. 10c; ¼ oz. 20c.

CHRISTMAS KOCHIA

Jung's

Everblooming Zinnias

F778—A grand assortment of all types of Zinnias all in one packet. Zinnias are one of our most popular annuals as they are so easy to grow and are rarely bothered by insects or disease. These Zinnias will grow 2 to 3 ft. tall. Seed sown in May will commence to bloom in July and then continue until frost. They will delight you with their size, beauty, colors and profusion of bloom. Pkt. 10c; ¼ oz. 25c.

EVERBLOOMING ZINNIAS

If you wish a grand display of color then sow the above flowers as follows: For the background sow a row of Kochia, then a row of Zinnias, then Bush Balsam and last the Dwarf Marigolds. You can have gorgeous flowers for small expense and effort. We know you will be delighted beyond words.

SPECIAL OFFER NO. 22

One Pkt. of each of the above Grand Flowers for 35c.

Jung's Rainbow Flower Garden

A Whole Flower Garden in a Packet. Easy to Grow. A Mass of Flowers from Early Summer till Frost.

F792—Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. The grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; ¼ oz. 20c; oz. 60c.

RAINBOW FLOWER GARDEN

Jung's Select Flower Seeds

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will

find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 50c or more we send a booklet on growing flowers free if requested on order.

ASTERS

JUNG'S SCARLET GEM—

The most attractive of all Asters being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 10c; 1/4 oz. 30c.

New Giant

White Chrysanthemum

A new mammoth flowered Aster the blooms of which rival Chrysanthemums for size and beauty. The flowers are 5 to 6 in. across, very double and the long lacy petals make it unusually beautiful. The large flowers are borne on long stems and often 5 and 6 flowers on a plant. The size and beauty of these Asters are truly amazing. Pkt. 15c; 2 pkts. 25c.

JUNG'S RUFFLED GIANTS—Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 3 weeks if given fresh water. White, Rosy Red, Shell Pink, Violet, and Mixed. Pkt. 10c; 1 pkt. of each color for 35c.

Mrs. Blanche Sparks, Iowa—*I have such good luck with your seeds. People sure praise my flowers "the loliest".*

Growing Flowers

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet, "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July 'til November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c; 2 pkts. 15c.

Candytuft

LITTLE PRINCE—This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance. Pkt. 7c; 1/4 oz. 20c.

FANCY MIXED —These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Pkt. 7c; 1/4 oz. 15c.

Cockscomb

GIANT PRIZED MIXED —Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 7c; 1/4 oz. 25c.

Scarlet Runner Bean

One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large Pkt. 7c; oz. 15c.

Mrs. R. E. Gainer, Minn.—*Am advising my friends to plant Jung's Seeds, they produce the best of any I have ever planted.*

Mrs. D. W. Core, Ohio—*The Clarkias were simply superb and a great joy to our family and friends with whom I shared plants.*

WHITE CHRYSANTHEMUM ASTER

RUFFLED GIANTS ASTERS

BABY GOLDEN GLOW

LITTLE PRINCE

SCARLET RUNNER BEAN

Geo. Scherasky, Wis.—*The Annual Chrysanthemums you sent me were just beautiful.*

Butterfly Plant

GIANT FLOWERED MIXED

Wonderfully showy plants having leaves like fern and blossoms like an orchid. The plants grow 1 1/2 to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 12c; 2 pkts. 20c.

Balsam

DEFIANCE MIXED—A favorite quick growing annual. The plants form symmetrical well branched erect bushes about 2 feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 8c; 1/4 oz. 20c.

Mrs. J. Jensen, S. D.—*Planted your flower seeds last year and was delighted with them; Asters especially were beautiful.*

Harriet B. Palmer, Ill.—*We have always been satisfied with Jung's seeds and plants.*

Baby's Breath or

Gypsophila

GIANT PARIS MARKET—These hardy annuals produce feathery sprays of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successive plantings should be made if you wish a supply throughout the season. Pkt. 8c; 1/4 oz. 15c.

Baby Golden Glow

A most charming annual growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 8c; 1/4 oz. 20c.

Chinese Woolflower

The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decorations. Pkt. 8c; 3 pkts. 20c.

Clarkia

GIANT FANCY MIXED—

For rare gracefulness and beauty, few annuals will surpass Clarkias. Suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 7c; 1/4 oz. 20c.

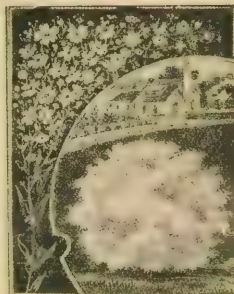

Mrs. F. Wohlgemut, Wis.—*The "Pinkies" were beautiful beyond description. Your seeds always grow.*

BUTTERFLY PLANT

BALSAM

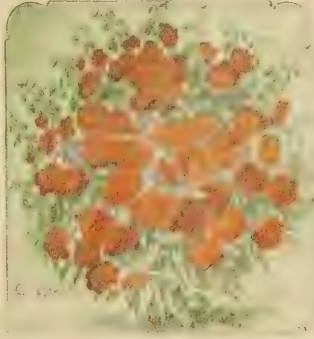

BABY'S BREATH

CHINESE WOOLFLOWER

Art J. Burke, Minn.—*A most wonderful garden from your seeds. Many ask for the name of your Clarkia—it is particularly lovely.*

JUNG'S SCARLET GEM

YELLOW CHRYSANTHEMUM

YELLOW CHRYSANTHEMUM—The rarest and newest Aster. Being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. Pkt. 10c; 1/4 oz. 30c.

BLUE LACE FLOWER

FANCY MIXED CANDYTUFT

COCKSCOMB

GIANT PLUMED CELOSIA

FREE SEEDS--see Page 3

FIREFLAME CELOSIA

Fire Flame Celosia

F554--An easily grown and highly attractive annual that may be grown in the flower garden or in pots. Plants grow 12 to 15 in. tall and the center stalk and each branch terminates in a fiery red flower head. Even more attractive than Geraniums or Salvia and remain in flower for weeks. Pkt. 12c; 2 pkts. 20c.

CALENDULA

COSMOS

Giant Plumed Celosia

F555--A new select strain of plumed Celosia producing huge plumes on long stems, well suited for bedding, cut flowers, or may be used for winter bouquets. It contains beautiful shades of bronze, copper, gold and sunset colors. Easy to grow as it thrives in hot weather and will be a riot of color from summer until frost. All they require are good soil and moisture. Pkt. 15c 2 pkts. 25c.

Coleus

F565--FANCY RAINBOW MIXED--These plants have the brightest foliage of any plant that can be grown from seed, may be grown as pot plants as well as out in the garden. They are readily grown from seed and grow to a height of 12 to 18 in. The seed we offer has large leaves of remarkable colors. Pkt. 20c.

COLEUS

Cardinal Climber

F547--One of the most beautiful annuals we know of and should be grown by every lover of vines or climbers. The foliage is like a palm leaf, rich, glossy green with fringed edges against which the brilliant scarlet flowers about one inch across, show off beautifully. In a warm sunny location and rich soil it grows about 20 feet in height. It is of rapid growth, free from insects and a beautiful vine for porches or trellises. Pkt. 10c; 3 pkts. 20c.

CARDINAL CLIMBER

Canary Bird Vine

F541--A dainty vine with fine, fern like foliage that blossoms freely throughout the summer and fall. will also grow in partially shaded places. Flowers are clear canary yellow, very bright and attractive with their fringed petals which resemble a canary with open wings. Pkt. 8c; 2 pkts. 15c.

CANARY BIRD VINE

African Violet and House Plant Spray

M51--The ideal Spray for house plants such as African Violets, Ferns, Fuschias, Geraniums, Ivy and other indoor plants. It kills indoor insects like aphids, mealy bugs, mites, thrips and white flies. Will keep your plants clean and thrifty. Just push the button and your plants are sprayed, no fuss and no sprayer to buy. 6 oz. Bomb Spray Can only 89c; 3 for \$2.60.

CALENDULA

F540--FANCY MIXED--One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. Pkt. 7c; 1/2 oz. 15c.

Angel's Trumpet or Datura

F574--Annual growing to a height of 2 to 3 ft. and producing large lily-like trumpet shaped flowers that are very fragrant. A plant in bloom is a beautiful sight and perfumes the whole garden. Our seed will produce both single and double flowers. For best results they should be started indoors and later transplanted into the open. Pkt. 10c; 3 pkts. 25c.

DATURA

COSMOS

F568--JUNG'S SUPERB MIXED--Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties as Sensation, Early Flowering, Golden Flare, etc., will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 inches across and are borne on long stems; grand for bouquets. Pkt. 8c; 1/2 oz. 20c.

Dianthus or Pinks

F576--GAIETY MIXED--A new strain of "Pinks" noted for their giant sized flowers, their rich colors and exotic beauty of both the single and double blooms. Come into flower in a very short time and continue to flower for a long period of time. Well suited for beds or cutting as the large flowers are produced on long stems. Pkt. 10c; 1/2 oz. 25c.

GAIETY PINKS

Geraniums

F593--GIANT ZONALE HYBRID--It is not generally known that geraniums can be easily grown from seed, in fact some of the finest new varieties are started from seed. Seed sown early will produce flowering plants the first year. Our seed contains a great variety of colors and there is much pleasure in watching them develop from seed to blooming plants. Pkt. 15c; 2 pkts. 25c.

GERANIUM

Castor Oil Bean

F550--Our fastest growing ornamental plant, very useful for back-grounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Large Pkt. 7c; oz. 20c.

CASTOR OIL BEAN

Mary Moeller, Ohio--Planted some of your Geranium seed last year which proved out very good.

Mrs. J. Frank Yost, Iowa--The flower seeds from you gave excellent results.

Annual Hollyhocks

F600--INDIAN SPRING--Semi-double fringed flowers from delicate pink to rosy carmine are freely produced on 4 to 5 ft. stalks the first season. Seed sown in March will bloom in August. Plants will live over winter and flower again the following year. Pkt. 10c; 2 pkts. 15c.

HOLLYHOCK

Growing Flowers

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet, "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Mrs. R. L. McIntyre, Mich.--Received many compliments on the flowers grown from your seed.

Mrs. R. Yoder, Ind.--I have had excellent results from both your garden and flower seeds. They produce strong plants and excellent producers.

Climbing Nasturtium

F640--JUNG'S GIANT CLIMBING--This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or bush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 feet tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 7c; 1/2 oz. 15c; oz. 25c.

Mrs. Ernest Koehler, Minn.--The Calendula and Calliopsis were beautiful and bloomed all summer.

Mrs. P. A. Paulsen, Minn.--It has been a pleasure to deal with your firm, the careful attention given to my orders is appreciated.

Dwarf Double Fragrant Nasturtium

F642--GOLDEN GLEAM--The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth; they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2 1/2 to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 7c; 1/2 oz. 15c; oz. 25c.

GOLDEN GLEAM

Mrs. J. Wilson, Iowa--Your Gaiety Pinks were wonderful, the largest flowers we ever had.

LAVATERA

Lavatera

F608—ROSY MORN—These handsome flowers should be grown by every flower lover. Plants grow 2 ft. in height and produce a mass of charming rose-pink flowers. Very useful for showy beds or borders and as the flowers are borne on long stems they are very useful for vases and bouquets. It is easy to grow and sure to please. Pkt. 8c; 1/4 oz. 20c.

Everblooming Wonder Lily

F610 — A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white in color, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. Pkt. 10c; 3 pkts. 25c.

Mignonette

F623—BISMARCK — One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flowers spikes are of giant size. Measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 8c; 2 pkts. 15c.

F624—FINEST MIXED — A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 7c; 1/4 oz. 15c.

Mrs. Maud Myers, N.Y.—The Lilies from the seed of the Everblooming or Wonder Lily grew lilies to the amazing height of 7 feet 4 inches. The flowers were 8 1/2 inches long.

Mrs. A. Scott, Wash.—I just want to tell you about some Everblooming Wonder Lilies I got seed from you for. The last several years they have been 7 and 8 feet tall. They really stop traffic when in bloom.

Mrs. Walter P. Meyers, Pa.—Results are marvelous with your flower seeds.

MIGNONETTE

Nicotiana

F645—CRIMSON BEDDER — A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. Pkt. 10c; 3 pkts. 25c.

NICOTIANA

Phlox Drumondii

F665—GRANDIFLORA MIXED—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. Pkt. 8c; 1/4 oz. 35c.

TULIP POPPY

Tulip Poppy

F742—A very desirable hardy annual. Seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. Pkt. 8c; 2 pkts. 15c.

Jung's Superb Pansies

F651—This is a popular large flowering type just what you want for a pretty bed. The plants make a strong growth and flower freely. This mixture comprises many beautiful varieties and we know you will be delighted with it. Pkt. 12c; 1/4 oz. 45c.

Mrs. Geo. Johnson, Wis.—Wish to thank you for the wonderful seeds you sent me last year. I was thrilled and more than pleased with the vegetables and flowers.

CHRISTMAS KOCHIA

Christmas Kochia "The Annual Hedge"

Grow a Beautiful Hedge 3 ft. Tall from Seed Sown in the Spring.

F605—Sow the seed thinly early in the spring and in 6 to 8 weeks you will have a beautiful hedge. Will grow to a height of 3 to 4 ft. and will be very dense and symmetrical from the start. Plants are a rich green until frost after which they turn to a rosy claret red. Easy to grow and not bothered by insects. Pkt. 10c; 1/4 oz. 20c.

ANNUAL POPPIES

DWARF PHLOX

Dwarf Phlox

F666—NANA COMPACTA MIXED — This splendid race of dwarf annual Phlox cannot be over-praised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact. 6 to 8 inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. Pkt. 10c; 1/4 oz. 40c.

PHLOX DRUMMONDI

SUPERB PANSIES

Summer Poinsettia

F700—An easily grown annual, growing 18 to 24 in. tall. About the middle of the summer the top center leaves turn to a rich orange scarlet resembling a Poinsettia. Also useful for bouquets. Pkt. 8c; 3 pkts. 20c.

Mrs. Carl Schmidt, Wis.—Since I got my seeds from you I really get better results. I know the seeds are fresh and such large generous packages are sent me. I really was surprised at the amount of seed in each package.

SUMMER POINSETTIA

Pyrethrum

F678—AUREUM — One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall. foliage is an attractive golden color contrasting well with other green foliage plants. Pkt. 8c; 1/4 oz. 25c.

PYRETHRUM

Annual Poppies

F670—JUNG'S SUPERB MIXED — A grand mixture of the best single and double Poppies in a wide variety of type and colors. Their brilliant colors will make a bright spot in your garden, they are easy to grow and will succeed under the most trying conditions. Pkt. 7c; 1/4 oz. 20c.

Satin Flower or Godetia

F695 — An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remain in blossom a long time. Pkt. 8c; 2 pkts. 15c.

SATIN FLOWER

Leonard, Labelle, Vt.—Have always been well pleased with your products and your service.

J. Cameron, N.Y.—Have always enjoyed getting seeds and plants from Jung's; no one has such pure, single or flower plants and at such reasonable prices.

Frank L. Wertz, O.—Have been dealing with you for 18 years, everything has always been O.K.

Amrose Pfeffer, Iowa—I have always been pleased with your quality, dealings, generous sized packets and service.

Mrs. H. C. Dinwiddie, Tenn. We are very well pleased with your seeds and bulbs. They are just as advertised and your service is very good.

Snowdrift Stocks

F693—An extra early strain of these popular annuals coming into flower 3 to 4 weeks before the other strains. Plants are covered with flowers from summer until hard frosts and as the flowers are produced on long spikes they are splendid for cutting or bouquets; very fragrant. Pkt. 10c; 3 pkts. 25c.

SNOWDRIFT STOCKS

Torch Tithonia

F740—The top "All America" winner in 1951 and well deserves that honor. Grows 3 to 4 ft. tall and well adapted for background or even a hedge, blooms from early summer until frost. Blooms very profusely. Flowers resemble single dahlias and are well suited for cutting. For best results give the plants plenty room to develop. Will do best if planted in full sun and should have very little fertilizer and not too much moisture. Pkt. 10c; 3 pkts. 25c.

TITHONIA

GIANT FANCY MIXED MARIGOLDS

Jung's Giant Fancy Mixed Marigolds

F621—By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. Pkt. 10c; 1/4 oz. 20c.

BONFIDE SALVIA

Bonfire Salvia

The Showiest and Most Brilliant Annual. Brilliant Color. Profuse Bloomer. Blossoms A Long Time.

F680—We offer an early strain of this grand bedding annual. Single plants often carry over 100 spikes measuring 10 to 12 in. long. The bushy plants grow to a height of 18 to 24 in. We know of no other flowers that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Seeds planted in March will commence to bloom in July and will be a continuous blaze of color until frost. Pkt. 10c; 1/4 oz. 50c.

Annual

Sweet William

F735 — HARDY ANNUAL MIXED — The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose pink, etc. Pkt. 10c; 1/4 oz. 25c.

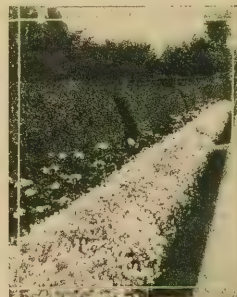

ANNUAL SWEET WILLIAM

Double Sunflower

F702—SUN GOLD—Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. Pkt. 10c; 1/4 oz. 25c.

SUNFLOWER

SWEET ALYSSUM

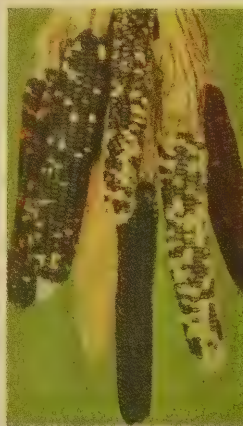

How to Grow Flowers

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet, "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Mrs. D. Trower, Mont.—I have grown beautiful Sweet Peas from year Giant Cuthbertson seed.

Rainbow or Indian Corn

F555—This is the corn so widely used for fall decorations, especially when used with Gourds it makes a grand display. Both seeds and ears are of different colors. Grows 6 to 8 ft. tall and matures in about 100 days. A profitable item to grow as the ears of various colors are in great demand for fall decorations. Pkt. 10c; oz. 25c.

RAINBOW CORN

FANCY GOURDS

Fancy Mixed Gourds

F595—An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped gourds and we have included a very choice selection in the seed we offer. Pkt. 7c; 1/4 oz. 15c.

Biennials & Perennials

Below we offer an assortment of popular and easily grown biennials and perennials. Many of these will increase in size and beauty over a period of years. The seeds we offer are all select strains and for beauty and color of bloom are unsurpassed. More of these are also listed on page 30.

CLOVE PINKS

Hardy Clove Pinks

F803—Fancy Double Mixed—A grand new strain that rival carnations for beauty, free flowering and very fragrant. Flowers 1 1/2 to 2 in. and in a wide range of colors.

Mrs. J. Fitzer, Ohio—Have planted your seeds for several years and have good success with both garden and flower seeds.

HOLLYHOCKS

Hollyhocks

F808—Double Rose Flowered Mixed—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 8 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer superb mixture of the best double flowering varieties.

ORIENTAL POPPY

Hardy Poppies

F672—GIANT ORIENTAL—The gorgeous hardy Poppies make a grand show when in bloom in May or June. Many blooms are 6 in. across, once started will last for many years.

F809—ICELAND MIXED—Hardy perennials that bloom the first season. The elegant satin-like flowers are produced abundantly from June until October. Excellent for bouquets as flowers last fully a week.

SWEET WILLIAM

Hardy Sweet Peas

(Lathyrus Latifolius)
F732—JUNG'S FANCY MIXED—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweetpea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. Pkt. 12c; 2 pkts. 20c.

ICELAND POPPY

Perennial Sweet William

F814—Giant Perfection Mixed—Popular hardy perennials that are splendid for beds or borders. They produce flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time.

Special Offer

Any Perennials on this page: Pkt. 10c; 3 pkts. 25c; 6 pkts. 45c

HARDY SWEET PEAS

D. F. Kechn, Okla.—The flower seeds from you made many people happy with their lovely blooms.

Mrs. A. Biorkman, Calif.—I have endless pleasure from my flowers grown from Jung's Seeds.

Jung's Glorious Flowers

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

Jung's Giant Fancy Asters

F752—EXTRA SELECT WILT-RESISTANT STRAINS—We make a specialty of Asters and you will find the quality of this mixture to be outstanding for size and beauty of flowers. This is made up entirely from wilt resistant strains of the different types and is well balanced for colors and will bloom over a long period. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. Pkt. 10c; 3 pkts. 20c; 1/2 oz. 35c.

JUNG'S GIANT FANCY ASTERS

Mrs. H. Bindel, Latonia, Ky.—The most beautiful Asters I ever had were grown from your seed last year.

Ageratum

F500 — DWARF BLUE PERFECTION—One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth, 9 to 12 in. tall. Pkt. 10c; 1/2 oz. 35c.

AGERATUM

Bachelor Button or Centaurea

F557 — JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft. and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts.

We offer a very select strain containing many beautiful colors. Pkt. 7c; 1/2 oz. 15c.

Mrs. Huey Duncan, Nebr.—Had wonderful luck with your seeds. tried them for the first time last spring. Had beautiful flowers and won several prizes at our flower show.

Mrs. A. Thornycroft, Wash.—The seeds purchased from you have produced some of the loveliest flowers I have ever grown.

BACHELOR BUTTON or CENTAUREA

California Poppies

F671 — GIANT HYBRID MIXED—You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to October. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow. Pkt. 8c; 1/2 oz. 20c.

Annual

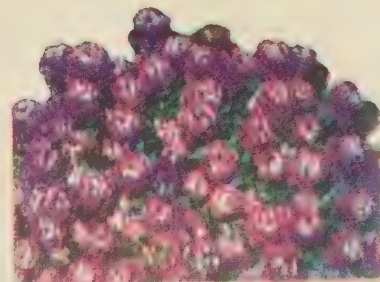

Chrysanthemums

F560 — Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last for a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 inches apart each way. Pkt. 7c; 2 pkts. 10c; 1/2 oz. 15c.

Calliopsis

F546 — DWARF BRILLIANT MIXED—Quick growing and profuse blooming annuals of dwarf compact growth, 9 to 12 in. tall and ideal for borders, edgings or beds. Easy to grow, not bothered by insects and bloom freely even in hot, dry weather. Pkt. 10c; 1/2 oz. 25c.

CALLIOPSIS

ROYAL CARPET ALYSSUM

Royal Carpet Alyssum

F705—An "All America" Medal Winner and one of our most beautiful hardy annuals for borders and edgings. Plants come into bloom very early and flower profusely until heavy frosts. Grows to a height of 4 in. with a spread of 10 in. and form a solid carpet of rich violet blue. A perfect companion for the popular Little Gem listed on page 25. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 60c.

Carnations

F548 — GIANT EVER-BLOOMING MIXED—A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. Pkt. 10c; 3 pkts. 25c.

A. V. Stekly, Snoqualmie, Wash.—The California Poppies bloomed all summer and until snow came.

Mrs. A. T. Smith, Tully, N. Y.—Your Bachelor Button proved very lovely.

CARNATIONS

Canterbury Bells

F542—ANNUAL FANCY MIXED—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 8c; 2 pkts. 15c.

Cleome - Spider Plant

F690—ROSE QUEEN—Plants grow to a height of 3 1/2 ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty of room. Pkt. 8c; 2 pkts. 15c.

Dahlias

F572—JUNG'S FANCY MIXED—The Dahlia still holds its place as king of all outdoor "autumn flowers" and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from seed as the most common plant. Any one can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 10c; 3 pkts. 25c.

Four O'Clock

F585 — FINEST MIXED—No flower makes a prettier border than the old-fashioned Four O'Clock. Plant grows to height of two feet and blooms in early morning and evening and rivals the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be sown with little or no trouble. Pkt. 8c; 1/2 oz. 15c.

FOUR O'CLOCK

PAINTED DAISY ASTERS

"Painted Daisy" Asters

F525—The grace and beauty of these grand Asters is hard to describe. The large flowers and bright snappy colors are not found in other Asters and for beds or bouquets they are unsurpassed. Bushes grow 18 to 24 in. tall and produce an abundant supply of long stemmed flowers. We know you will be more than pleased with their rare beauty. Pkt. 10c; 1/2 oz. 35c.

CALIFORNIA POPPIES

ANNUAL CHRYSANTHEMUMS

CLEOME or SPIDER PLANT

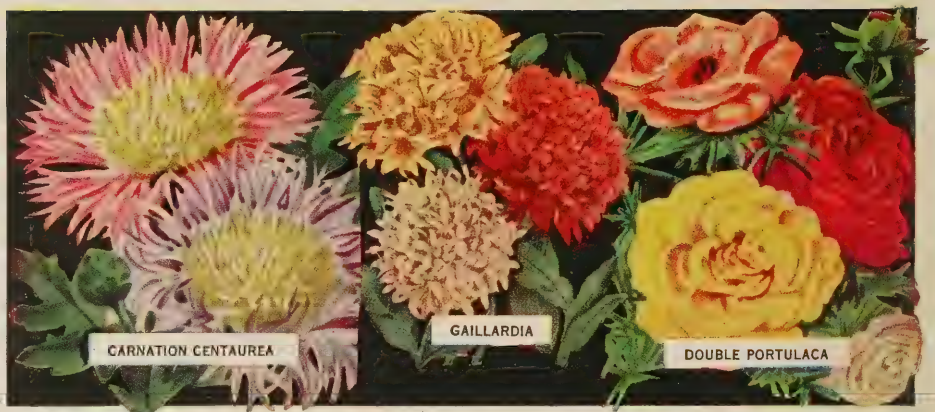

BUSH MORNING GLORY

Bush Morning Glory

F635—ROYAL EN-SIGN—One of the deepest bright-blue annuals and excellent for edging or borders as the plants are dwarf and bloom for a long period. Flowers are deep ultramarine blue with a white halo and gold throat. Profuse bloomer. Pkt. 12c; 1/4 oz. 25c.

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

Annual Daisies

F570—FANCY MIXED—Plants of very neat branching habit, grow about 12 to 15 inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned, certainly a great acquisition and a magnificent new garden favorite. Pkt. 7c.

Mrs. G. F. Towne, Iowa—Planted some of your Bush Morning Glory they bloomed profusely most of the summer and until frost. I am delighted with their color and my friends enjoyed something so different.

M. W. Boren, Iowa—My wife and myself have been gardening for over 40 years and find your seeds to be the best of any we have ever planted.

ANNUAL DAISY

CARNATION PINKS

Carnation Pinks

F549—FANCY MIXED—The rare beauty of these fine annuals rival Carnations and come into flower in 6 to 8 weeks after sowing. Plants grow 12 to 15 in. tall and bloom profusely for a long period of time. Well suited for beds, borders and bouquets. Pkt. 10c; 1/4 oz. 25c.

Super Majestic Double Larkspur

F607—A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remain in flower for a long time if kept picked. Pkt. 10c; 1/4 oz. 20c.

SUPER MAJESTIC LARKSPUR

Elsie Spielman, Ore.—Everything from you was perfect. Glads are so large and a bit better than any others around here.

Drought Resistant Sweet Peas

F718—CUTHBERTSON MIXED—It is the ideal variety for the home flower garden. Due to its great vigor it will bloom and prosper in those sections where other varieties fail due to hot weather. As the vines are such strong growers do not plant them too thick, plants should be at least 8 to 12 in. apart in the rows. A grand surprise awaits you if you plant some of them. As for vigor, large flowers long stems and profuse blooming they are "tons". Pkt. 10c; 1/2 oz. 18c; oz. 35c; 1/4 lb. \$1.00. See also Page 26.

HEAVENLY BLUE

PEARLY GATES

SCARLET O'HARA

MORNING GLORIES

F631—HEAVENLY BLUE—A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3 1/4 to 4 inches across and in color are dark sky-blue with a white throat. Very profuse bloomers and remain in flower for a long time. Pkt. 8c; 2 pkts. 15c; 1/4 oz. 25c.

F632—PEARLY GATES—A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and for a long time. Pkt. 15c; 2 pkts. 25c.

F630—SCARLET O'HARA—A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3 1/2 in. across and of a soft velvety scarlet. Pkt. 12c; 1/4 oz. 35c.

F633—GIANT FANCY MIXED—A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. Pkt. 8c; 1/4 oz. 20c.

Mrs. A. Martin, Wis.—Your Giant Fancy Pansies bloomed all summer, the largest and most beautiful flower I ever saw.

GIANT CUTHBERTSON SWEET PEAS

Annual Gaillardia

F591—FINEST MIXED—One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. Pkt. 7c.

Everlasting Flower

F580—GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked while partly open will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 8c; 2 pkts. 15c; 1/4 oz. 25c.

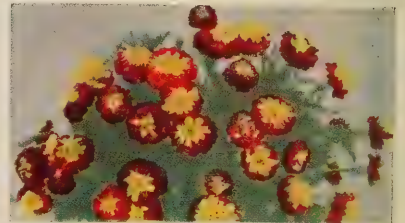

Mrs. R. C. Kinggold, Md.—The seeds from you came up well and produced wonderfully.

Mrs. Christ Hansen, N. Dak.—All are interested to know where we get our seeds for the fine garden we raise from Jung's seed.

PORTULACA
F676—GIANT DOUBLE MIXED—A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. Pkt. 12c; 3 pkts. 35c.

EVERLASTING FLOWERS

DWARF MARIGOLDS

DWARF MARIGOLDS

F620—LITTLE MIDGETS MIXED—There are few, if any, of the low growing annuals that produce a profusion of flowers for a longer period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. Pkt. 8c; 1/4 oz. 20c.

Mrs. Martin Ruble, West Allis, Wis.—I surely get a lot of compliments on this morning glory which I plant each year across the back yard fence. Everyone admires them (Heavenly Blue).

GIANT FANCY PANSIES

Mammoth Pansies

F650—JUNG'S GIANT FANCY MIXED—This "Fancy" Mixture contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. Pkt. 20c; 1/4 oz. 95c.

DEFIANCE

BRILLIANT ROSE

BEDDING PETUNIAS

F656—BRILLIANT ROSE—If you wish a flower bed that is bright and cheery throughout the summer and fall plant some of these brilliant Petunias. Plants grow compact, 8 to 12 in. tall. They commence to bloom when only a few inches tall and are a blaze of color from early summer until hard frosts. Flowers are of good size and a live, rose red color. Pkt. 10c; 3 pkts. 25c; 1/2 oz. 50c.

F655—BRILLIANT BEAUTIES—A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive heat and dry weather plant some of these grand Petunias. Pkt. 8c; 2 pkts. 15c; 1/2 oz. 35c.

FLAMING VELVET

Bedding Petunias

F662—FLAMING VELVET—One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. Pkt. 10c; 3 pkts. 25c; 1/2 oz. 60c.

F663—SNOW CARPET—Dwarf compact plants, uniform in type and growth. Large, snow-white flowers cover the plants. Ideal for beds or borders. Pkt. 15c; 1/2 oz. 50c.

The Famous Fire Chief Petunia

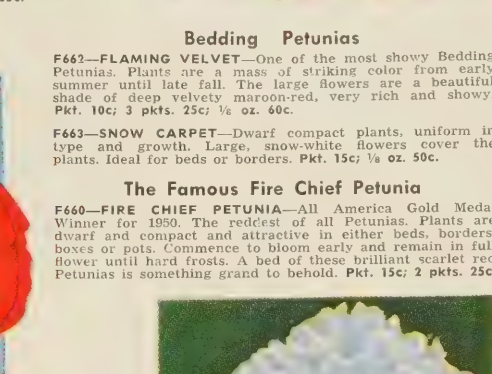

F660—FIRE CHIEF PETUNIA—All America Gold Medal Winner for 1950. The reddest of all Petunias. Plants are dwarf and compact and attractive in either beds, borders, boxes or pots. Commence to bloom early and remain in full flower until hard frosts. A bed of these brilliant scarlet Petunias is something grand to behold. Pkt. 15c; 2 pkts. 25c.

Giant Flowered Petunias

F658—DEFIANCE MIXED—This strain bears grand substantial flowers of the largest size in profusion. The flowers frequently measure 5 in. across. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. Pkt. 35c; 3 pkts. \$1.00.

BRILLIANT BEAUTIES

FIRE CHIEF

STOCKS

Stocks

F692—JUNG'S FANCY MIXED—One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 ft. and produce long spikes of double flowers, many of them 2 in. across. Colors include white, rose, blue, crimson, and yellow. Our seed is a superb select strain. Pkt. 8c; 1/2 oz. 25c.

GIANT FANCY SCABIOSA

Scabiosa

F682—BLUE MOON—One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. Pkt. 10c; 2 pkts. 15c; 1/2 oz. 25c.

BLUE MOON SCABIOSA

PREMIUMS--See Page 3

Growing Flowers

Seeds may look alike but the flowers you grow will depend very largely on the seed you sow. We use extreme care in growing our flower seeds so that you will get seeds that will grow and produce flowers of rare beauty. A booklet on Growing Flowers is free for the asking with every order of 25c or more. Do you want one?

Marie Hinkley, Mich.—Your Velvet Flowers and Double Stocks were beautiful and blossomed wonderfully.

Mrs. Ole Lowe, Wis.—I like your Persian Carpet Zinnias very much. Took an arrangement to our local Flower Show and won a blue ribbon.

New Ruffled Snapdragons

F687—GIANT TETRA MIXED—Tetra is probably the best Snap for outdoor growing as the big husky plants resist rust and produce an abundance of mammoth flowers on stems 12 to 18 in. long. Florets are huge in size, mostly ruffled and stay on the stems for a long time. You will be delighted with the size and beauty of these grand new Snaps. Pkt. 15c; 2 pkts. 25c.

New Snapdragon

F688—RUST-PROOF MIXED—In many sections rust destroyed these plants before they flowered. This new strain is very resistant to rust and you may grow these favorites to perfection. It will produce very large flowers in a wonderful range of bright, rich colors. Pkt. 10c; 3 pkts. 25c.

New Zinnia

F775—PERSIAN CARPET—A 1952 Award Winner. An entirely new type of Zinnias, admirably suited for beds, borders or bouquets. They grow a compact bushy plant, 12 to 18 in. tall and bloom from early summer until frost; a wealth of deep, rich colors like a Persian Carpet. Will delight you with the beauty and abundance of its flowers. Pkt. 12c; 1/2 oz. 25c.

Grace M. Barr, Montana—I think I should send along a good word for your seeds and bulbs I received from you last year.

VELVET FLOWER

Velvet Flower or Salpiglossis

F745—GIANT FLOWERED MIXED—Undoubtedly one of the most attractive annuals. For richness of colors they are unsurpassed. Splendid for either beds or bouquets. They are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. Pkt. 8c; 1/2 oz. 25c.

New Verbena

F750—DWARF COMPACTA—An entirely new class of Verbena that grows dwarf and compact eliminating the bare and open spots so common in the older types. Ideal for beds, borders or edging as the plants commence to bloom when small and continue all summer. Our seed is a superb mixture of bright, showy colors. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 45c.

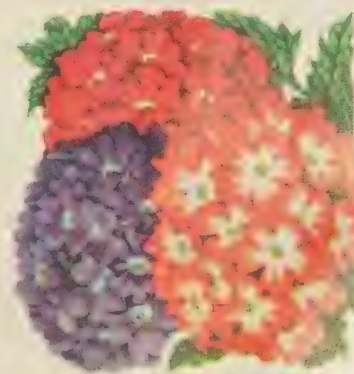

Mrs. D. Elkins, Tenn.—The flower and vegetable seeds from you did wonderful. Friends admired my pretty Zinnias, am glad to praise your seeds

VINCA ROSEA

Vinca Rosea

F752—SUPERB MIXED—Splendid for bedding and may also be used for borders growing to a height of 12 to 15 inches. Remain in bloom all summer until frost, also well suited for cut flowers. Will do well in either sun or partial shade. Many gardeners prefer them to Geraniums. Pkt. 10c; 3 pkts. 25c.

DWARF COMPACTA VERBENA

RUFFLED SNAPDRAGONS

PERSIAN CARPET ZINNIAS

RUST-PROOF SNAPDRAGONS

Giant Spencer Sweet Peas

Jung's Giant Everblooming Spencer Sweet Peas

F722—This superb Sweet Pea mixture of both early and late Giant Spencers will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 90c.

Inoculating your Sweet Peas will produce larger and finer flowers. See Page One.

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2½ inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

F723—**BONNY BRIAR**—A sparkling rose pink of immense size. Long stems often bearing four flowers. One of the best.

F725—**FLAGSHIP**—A rich deep navy blue and the best in its color class. Flowers of large size on long stems are borne in profusion.

F724—**FLORA**—A magnificent flower of clear deep lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

F726—**MAYTIME**—One of the most beautiful giant flowered ruffled sweet peas. Color is a rich golden cerise and must be seen to be appreciated.

F727—**RUBICUND**—The flowers of this grand variety are heavily ruffled and very showy. Flowers are a striking crimson scarlet and fairly glisten in bright sunlight.

F728—**SNOW WHITE**—The grandest of all white sweet peas, remarkable for its pure whiteness and large size.

F729—**WARRIOR**—Beautiful flowers of deep maroon red, large in size and true ruffled type. A vigorous grower and profuse bloomer.

PRICE of any above Sweet Peas: Pkt. 8c; ½ oz. 20c; oz. 30c.

F730X—SPECIAL SWEET PEA OFFER

One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed above for only 30c.

Love-in-a-Mist

F615—**NIGELLA**—A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed for flowers may be had by sowing these and California Poppies in the same bed. Pkt. 7c; ¼ oz. 15c.

Nigella—Love-in-a-Mist

See Page 3

Jung's Fancy Pompom Zinnias

F770—**SUPERB MIXED**—These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnia has been greatly improved and is becoming very popular. Pkt. 8c; ¼ oz. 35c.

Jung's Super Giant Zinnias

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who sow them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

F731—**CANARY BIRD**—Graceful flowers of rich canary yellow. Pkt. 10c.

F782—**DREAM**—Large attractive flowers. Lavender changing to purple. Pkt. 10c.

F763—**EXQUISITE**—One of the most pleasing as regards to form and size; light rose with deep rose center. Pkt. 10c.

F784—**METEOR**—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

F785—**ORIOLE**—Well worthy of the beautiful bird which it was named. Immense orange and gold bicolor flowers which change color as the flowers grow older. Pkt. 10c.

F786—**POLAR BEAR**—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIA OFFER

F788X—1 Pkt. of each of above 6 Grand Zinnias 40c.

Super Giant Mixed Zinnias

F780—**SUPER GIANT MIXED ZINNIAS**—This is one of the finest mixtures of Zinnias to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your home from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. Pkt. 8c; 3 pkts. 20c; ¼ oz. 40c.

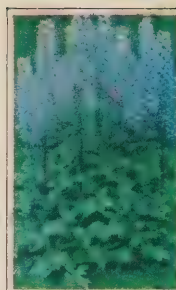

POMPOM ZINNIAS

W. J. Breit, Wis.—The Zinnias we grew from your seeds were outstanding.

JUNG'S SUPER GIANT ZINNIAS

Delphinium

Foxglove

Giant Shasta Daisy

F813 — **SHASTA DAISY** — **Giant White**—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

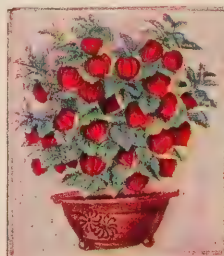

Biennials & Perennials

We offer a list of the most popular biennials and perennials, varieties that are easy to grow and sure to please.

F800—**AQUILEGIA** or **HONEYSUCKLE**—**Giant Fancy Hybrids**—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike.

F805—**DELPHINIUMS**—**Fancy Blue Hybrids** — These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. They are grand for cutting and very graceful for bouquets.

F806—**FOX GLOVE**—**Mammoth Flowered Mixed**—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Color range from pure white and shell pink to deep rose and many are beautifully spotted.

CHINESE LANTERN

F802—**CHINESE LANTERN** — This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer or autumn. The fruits are bright orange red when ripe called "Chinese Lanterns". Branches with the fruits may be dried and make splendid material for winter bouquets.

African Violet and House Plant Spray

M51 — The Ideal Spray for house plants such as African Violets, Ferns, Fuschias, Geraniums, Ivy and other indoor plants. It kills indoor insects like aphids, mealy bugs, mites, thrips and white flies. Will keep your plants clean and thrifty. Just push the button and your plants are sprayed, no fuss and no spraying to buy 6 oz. Bomb Spray Can only 89c; 3 for \$2.60.

E. Becker, Beecher, Ill.—We were well pleased with your flower seeds.

PLATYCODON

F811—**PLATYCODON** — **Grandiflora Mixed**—An extra good, very hardy and free flowering perennial. They form branching plants 1½ to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places.

F812 — **HARDY BLUE STOKESIA**—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

Aquilegia

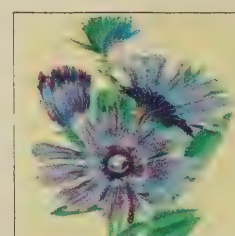

Coreopsis

Gaillardia

Canterbury Bells

Stokesia

Everblooming Hybrid Tea Roses

To meet a growing demand we are now offering a select list of especially fine hybrid roses. These are all strong 2-yr. field grown plants that will commence to bloom early in the summer and will continue to produce flowers until frost. Detailed instructions on how they should be planted and cared for will be sent with each order.

"Crimson Glory" Tea Rose

Profuse Bloomer. Vigorous Grower. In Blossom all Summer.

S1205—This grand everblooming rose is now offered at reasonable prices and is one of the best deep "reds". The beautifully formed blooms of deep vivid crimson are held proudly erect on strong vigorous plants. Blooms freely from early summer until heavy frosts. One of the most fragrant of all roses. Strong 2-yr. field-grown plants: Each \$1.10; 3 for \$2.95; 12 for \$11.25.

More Roses & Peonies
See Page 9

CRIMSON GLORY

PLEASE NOTE—The Roses we send out are all select 2-yr. field grown plants most of which will bloom this year. We do not offer small 1-yr. plants as are often offered at low prices.

RED DOROTHY PERKINS

CLIMBING ROSES

Red Dorothy Perkins

S1180—A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms that are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attacks. Select 2-yr. plants: Each 75c; 3 for \$2.10.

The Famous "Blaze" Climber

S1182—Probably the most popular and widely grown climbing rose. Clusters of 3 to 5 blazing scarlet flowers come out in June and intermittently all summer. The size of flowers, brilliant red color and profusion of blossoms makes this one of the most gorgeous climbing roses. Plant in good rich soil as the more it grows the more it blooms. Select 2-yr. plants: Each 90c; 3 for \$2.60.

PRES. HOOVER

Daisie W. Taylor, W. Va.—The Roses received from you this spring are in bloom and my garden is doing nicely.

FLORIBUNDA ROSES

These superb dwarf bush Roses produce their exquisite blooms in clusters and are a mass of flowers from early summer until fall. Being of dwarf growth they can be used for beds, borders, among evergreens or as a hedge.

S1190—FLORADORA — A rare beauty. Buds are exquisitely formed, very double and of a bright cherry-red color; foliage is a glossy olive green.

S1191—DAGMAR SPATH — Pure white double flowers produced in great abundance on vigorous bushes.

S1192—S. CECILE BRUNNER—Bright pink on yellow base, a real beauty. Profuse bloomer, healthy vigorous grower.

PRICE OF ABOVE ROSES—Select 2-yr. field grown plants: Each 95c; 3 for \$2.80; 12 for \$10.75.

ROSE OFFER NO. 2
One select 2-yr. plant of each of the above Floribunda Roses for \$2.75; 3 of each for \$8.00.

FLORADORA

Mrs. Alfred Johnson, Minn.—We are well pleased with the fine Rose bushes received from you—such large sturdy roots.

Antrol Bomb Rose & Flower Spray

M53—Effectively controls insects on Roses, Shrubs, Gladioli and other flowers. Simply press the button and spray. 12 oz. can \$1.49; 3 for \$4.25.

F. J. GROOTENDORST

Everblooming Hedge Rose

F. J. GROOTENDORST

S1178—A cross between Rugosa and Baby Rambler, that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select plants: Each 95c; 3 for \$2.75; 12 for \$10.50.

1-S. THERESA
2-R. MALLERIN

3-K. A. VICTORIA
4—THE DOCTOR

Hardy RUGOSA Roses

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses.

S1170—BELLE POITEVIN — Grows a strong vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. Strong plants: 75c; 3 for \$2.00; 12 for \$7.90.

S1171—HANSA—One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. Strong plants. Each 75c; 3 for \$2.10; 12 for \$7.90.

S1172—HARRISON'S YELLOW — One of the hardest yellow Roses. When in full bloom the plant is simply a mass of gold. Foliage is fern-like and very attractive. Strong 2-yr. plants. Each 90c.

A. E. Myers, So. Dak.—The Roses and the Sweet Peas I received from you last year were very satisfactory. The Roses started blooming early and kept so until frost. They were really wonderful for size and beauty.

Mrs. E. Kleinsing, Wis.—The Rugosa Roses received from you several years ago are just gorgeous.

John Gilchowski, Conn.—The Rose bushes just arrived. Thanks for sending me such nice plants.

BELLE POITEVIN

HARRISON'S YELLOW

SIR. THOS. LIPTON

HANSA

S1174—SIR THOMAS LIPTON—A rare white Rugosa Rose. Flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. Strong 2-yr. plants: Each 80c; 3 for \$2.25; 12 for \$8.25.

SPECIAL RUGOSA ROSE OFFER
S1121X—The above Rugosa Roses make an ideal hedge and will bloom intermittently all summer if kept pruned to a height of 3 to 4 ft.
1 of each (4 in all) for\$3.75
3 of each (12 in all) for\$9.50

Skyrocket

S1177—A hardy Rugosa Rose and one of the most profuse bloomers, plants set out in the spring are often completely covered with flowers in 6 to 8 weeks after planting. Flowers are produced in large clusters, especially beautiful when in bud as they are long and pointed, later opening into beautiful flowers. By keeping the plants lightly pruned they will flower all summer. Select 2-yr. field grown plants: Each 95c; 3 for \$2.75; 6 for \$5.50.

SKYROCKET

RED BRANCHED DOGWOOD

MINNESOTA SNOWFLAKE

SPIREA V.H.

PERSIAN LILAC

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

S1080—RED BRANCHED—The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

S1081—YELLOW BRANCHED—Very similar to the above except that the branches are bright yellow.

Price of above: Strong 2-yr. 18-24 in. plants. Each 60c; 3 for \$1.70. State color wanted.

PHILADELPHUS

SNOWDRIFT

Snowdrift Philadelphus

S1151—We rate this as one of our most desirable shrubs as it is very hardy and blooms so profusely that the bushes look like a snow-drift. It grows a very shapely bush, 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A very fine shrub for planting singly, mixing with plantings or as a hedge. Strong 2-yr. field grown plants. Each 65c; 3 for \$1.80; 12 for \$6.50.

Tamarix

S1260—HISPIDA—This is the hardiest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. Strong 18-24 in. plants. Each 60c; 3 for \$1.65.

TAMARIX

ROSY PLUME SPIREA

"LILAC SPIREA" - Rosy Plume

S1242—(Menziesii)—A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. Strong 2-yr. plants. Each. 70c 3 for \$2.00; 12 for \$6.95.

WIEGELA

Hardy Wiegela

S1278 — ROSALIE—This is one of the hardiest and most profuse bloomers; here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft. tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. Strong select plants. Each 70c; 3 for \$2.00.

GIANT BRIDAL WREATH

Giant Bridal Wreath

S1105—The finest of all Spirea. A splendid hardy, rapid growing shrub 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome-shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. Select 2-yr. plants. Each 70c; 3 for \$1.95.

Triple Purpose Shrubs

The 3 shrubs listed below are admirably suited for planting as specimens, landscaping and hedges and windbreaks. They are all very hardy, free from insects and in a few years will grow to a height of 8 to 10 ft. You can have a hedge of rare beauty and usefulness by planting alternate plants of these 3 shrubs setting them 3 to 4 ft. apart. You will then have a hedge of red, white and blue, a truly grand hedge when in bloom.

Spirea Van Houttei or Bridal Wreath
Hardy as an Oak, Profuse Bloomer, Sure to Blossom, Easy to Grow, Free from insects and Disease.

S1243—One of the best known and most useful

shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs; very largely used in all landscape work. It forms a round and graceful shrub, with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Strong 2-yr. Plants. Each 50c; 3 for \$1.25; 6 for \$2.00.

Persian Lilac

S1126—This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blooms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. Strong 2-yr. field grown plants. Each 60c; 3 for \$1.60; doz. \$6.00.

Fireball Bush Honeysuckle

S1116—ZABELI—A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. Select 2-yr. plants. Each 50c; 3 for \$1.40; doz. \$5.00; 50 for \$18.50.

EXTRA SPECIAL OFFER

S1291X—3 of each of the above (9 in all) for \$4.00.

S1292X—12 of each of the above (36 in all) for \$14.25.

S1293X—25 of each of the above (75 in all) for \$27.50.

Deliver postpaid, except west of Rocky Mountains.

These are all 2-yr. field grown transplants, heavily rooted and should not be compared to the light hedging size or 1-yr. rooted cuttings.

BUSH HONEYSUCKLE

How to Plant

The best shrubs and plants will not do their best unless properly planted and cared for. To advise you on how this should be done we have prepared a booklet of instructions telling you how to plant and care for Shrubs, Plants, Berries and Bulbs of all kinds. A copy will be included, FREE, with every order for such items.

Mrs. G. Spencer, Mich.—Shrubs received from you are fine, they have wonderful roots.

J. Tessandori, Iowa—Received my order in good condition, the plants are wonderful.

IMPROVE YOUR HOME WITH SHRUBS

Jung's Home Beauty Shrub Collection

12 Sturdy 2-yr. Field Grown Shrubs for \$4.95.

- | | |
|------------------------------|---------------------------|
| 2 Bush Honeysuckle | 2 Japanese Barberry |
| 1 Forsythia Ovata | 1 Philadelphus Snowdrift |
| 1 Hydrangea Pan. Grandiflora | 2 Spirea or Bridal Wreath |
| 1 Hydrangea Snowball | 2 Spirea Anthony Waterer |

This collection planted around any home will greatly increase its beauty and value and make your house look like "home".

S1250X—These are all strong 2-yr. old field grown shrubs and vines. At catalog prices they would cost \$6.50 but as a special offer they will be sent to you, all for only \$4.95, a saving of \$1.55.

Hardy Flowering Shrubs

All of our Shrubs are 2 and 3-yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1-yr. rooted cuttings which are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

Butterfly Bush

S1124—ISLE DE FRANCE—This wonderful new Butterfly Bush is a rare beauty with its brilliant rosy-purple flowers, also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bearing a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. Strong plants that will bloom this year. Each 65c; 3 for \$1.95.

BUTTERFLY BUSH

Beauty Bush

S1065—There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. Strong 2-yr. field grown plants. Each 70c; 3 for \$2.00.

BEAUTY BUSH

Mrs. C. C. Loveland, Idaho—The Shrubs received from you last year were fine, every one grew.

FORSYTHIA OVATA

AMERICAN CRANBERRY

CHAS. JOLY

M. BUCHNER

PRES. GREVY

Forsythia Hardy Ovata

S1100—This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall—excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. 2-yr. field grown plants. Each 70c; 3 for \$1.95.

American Cranberry

S1070—This handsome hardy shrub combines beauty and usefulness, grows to a height of 6 to 7 ft. and foliage turns rich red in the fall. White flowers in May are followed by large clusters of red berries. The large berries make excellent jellies and look and taste much like the marsh cranberry. Select 2-yr. field grown plants: Each 75c; 3 for \$2.00; 12 for \$7.25.

SNOW WHITE

PAN. GRANDIFLORA HYDRANGEA

Paniculata Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

S1120—If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The giant flowers appear in July, they open pure white, later changing to pink. We offer only 2-yr. field grown plants of the true Giant Flowered type. Each 70c; 3 for \$2.00; doz. \$7.25.

HONEYSUCKLE

Snowball Hydrangea

S1121—These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautifully formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, doing fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. Strong 2-yr. plants. Each 70c; 3 for \$2.00.

SNOWBALL HYDRANGEA

"Fireball" Bush Honeysuckle

S1116—ZABELI—A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grow 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. Select 2-yr. plants. Each 50c; 3 for \$1.40; doz. \$5.00; 50 for \$18.50.

PERSIAN LILAC

The Graceful Persian Lilac

S1126—This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blooms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. Strong 2-yr. field grown plants. Each 60c; 3 for \$1.60; doz. \$6.00.

CANADA GEM LILAC

The Beautiful French Hybrid Lilacs

The French Lilacs are rapidly gaining favor as they are hardy, do not spread and start blooming very young, just a year or two after being set out. They form compact shapely bushes and bloom very profusely; they grow to 8 ft. tall but may be trimmed to any desired height or shape. These lilacs are very desirable as specimen shrubs or they may be set in groups or mixed with other shrub plantings. Set at least 5 ft. apart so they have ample room.

S1130—CHAS. JOLY—One of the best "reds" and makes a striking appearance due to its showy color and the large flower heads which are held erect well over the foliage. Strong 2-yr. plants: Each 95c; 3 for \$2.70.

S1129—M. BUCHNER—One of the best and most popular French Lilacs. Flowers are double and a beautiful pinkish-lavender color. A good grower and profuse bloomer. Strong 2-yr. plants: Each 90c; 3 for \$2.50.

S1131—PRES. GREVY—Large semi-double flowers produced in large pyramidal clusters; color is a clear soft delicate blue and one of the best in this color. Strong 2-yr. plants: Each 90c; 3 for \$2.50.

S1128—SNOW WHITE—A very showy and beautiful variety that will please you in every way, especially showy when planted with other colors. Strong 2-yr. plants: Each 95c; 3 for \$2.60.

SPECIAL LILAC OFFER

S1135X—One select 2-yr. field grown plant of each of the above four fine French Lilacs for \$3.50.

New Lilac "CANADA GEM"

S1125—A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest hardy shrubs you can have on your lawn. Will not spread like common lilacs. Strong 2-yr. plants. Each 85c; 3 for \$2.25.

Mrs. M. C. Kinde, Minn.—Must tell you what a beautiful bush the Canada Gem Lilac is. It has been blooming every year and is a great pleasure.

Dwarf Shrubs for Modern Homes

RED BARBERRY

Red Leaved Barberry

S1061—A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. Select 2-yr. plants. Each 60c; 3 for \$1.65; doz. \$6.00.

PLEASE NOTE

We cannot accept orders for Shrubs and Plants unless they amount to \$2.00 or more as it costs 50c to wrap and mail a single shrub or plant. Please do not ask us to fill orders for only one plant, tree or shrub as it would cost us as much to wrap and mail it as you pay for the item.

BLUE MIST SPIREA

Blue Spirea "BLUE MIST"

S1245—CARYOPTERIS — A rare new plant of unusual charm and beauty, a real aristocrat for your garden. This hardy plant grows 18 to 24 in. tall and from Aug. until frost will bear an abundance of the beautiful blue flowers. Strong field-grown plants that will bloom this year. Each 65c; 3 for \$.85.

Mrs. Harvey Evans, Okla.—Your seeds and shrubs are the best I have ever planted, they all lived 100 per cent.

ANTHONY WATERER SPIREA

The shrubs listed below are especially suited for the modern low or "ranch" style homes as they are naturally low and stocky. All of these shrubs are 2-yr. field grown transplants, well branched and heavily rooted.

Mrs. Ivy S. Johnson, Mo.—I was delighted with the size and quality of the shrubs from you.

FLOWERING QUINCE

Scarlet Flowering Quince

S1165—A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. 2-yr. field grown plants. Each 70c; 3 for \$2.00; doz. \$6.75.

FERN LEAVED SPIREA

Anthony Waterer Spirea

The Best Everblooming Red Shrub
S1240—A popular and handsome shrub forming round bushes 2½ to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads of clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. 2-yr. plants. Each 65c; 3 for \$1.80; 12 for \$6.25.

White Glory Spirea

A Jewel Among Shrubs

S1244—The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. Strong bushy plants. Each 65c; 3 for \$1.75; doz. \$6.25.

DUETZIA

Duetzia Gracilis

S1082—A valuable and beautiful dwarf shrub which grows 2½ to 3 ft. tall which may be used as a single shrub or planted in front of taller shrubs. Flowers are pure white and a bush in bloom is a mound of glistening whiteness. As the flowers are borne along the branches they are well suited for cutting. Select 2-yr. Plants: Each 70c; 3 for \$2.00.

FROSTY MORN MOCK ORANGE

"Frosty Morn" Mockorange

S1153—A new and greatly improved type of the popular "Mock Orange", of dwarf compact growth, rarely over 3 ft. tall and well adapted for the new low type homes. Especially showy if planted in front of Evergreens as the snowy whiteness against the deep green makes a beautiful contrast. Very hardy and a profuse bloomer. Select 2-yr. transplants: Each 90c; 3 for \$2.60.

Fern Leaved Spirea

S1241 — A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendidly. Each 60c; 3 for \$1.50; doz. \$5.50.

WHITE GLORY SPIREA

BLUE LEAF ARCTIC WILLOW

Blue Leaf Arctic Willow

The Best Dwarf Hardy Hedge

S1275—Very desirable for a dwarf, dense, compact hedge. Foliage is an unusual blue or gray-green color somewhat like a blue spruce. It is hardy in all parts of the U. S. and thrives in either wet or dry locations, grows rapidly into a beautiful dense hedge up to 4 ft. high and can also be used for mixing with other shrubs. Plant 18 to 24 in. apart. 2-yr. field grown plants. Each 60c; 3 for \$1.70; 12 for \$5.75.

RUSSIAN OLIVE HEDGE

The Hardy Russian Olive

S1231—We know of no other tree or shrub that will endure as much heat, drought or severe cold as the Russian Olive. It may be grown as a tree, mixed with tall shrubs or as a hedge or windbreak. The silver gray foliage makes a wonderful appearance during the entire season and is especially attractive when mixed with other shrubs or among evergreens. When grown as a tree it will grow 20 to 25 ft. tall and they should be set 15 to 20 ft. apart. As a shrub it will grow 8 to 10 ft. tall in a few years and should be set 3 to 4 ft. apart. Select 2-yr. hedge plants: Each 60c; 3 for \$1.50; 12 for \$5.25.

Russian Olive Tree

S1230—We have a limited supply of nice 2 to 3 ft. trees which we offer while they last. Each 90c; 3 for \$2.50.

Jung's Prize Cut Flowers

Flowers in Abundance from Early Summer until Frost.

F790—This a superb mixture of flowers that are especially suited for cutting of bouquets. It is made up of the very best strains of seeds and will provide you with beautiful bouquets from early summer until frost. This select mixture has been made up for people who wish a large variety of flowers yet do not care to purchase a packet of so many separate varieties. Do not sow this seed too thick as you will get more and better flowers when each plant has enough room to grow to full size. Pkt. (enough for a row 50 ft. long), 15c; 2 pkts. 25c; ¼ oz. 35c.

AMOOR RIVER PRIVET

JAPANESE BARBERRY

Living Fences *Hardy Hedges* For Use & Beauty

Hardy Amoor River Privet

S1160—This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation planting next to buildings; can be pruned or sheared to suit your fancy—the more you cut or prune it the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. We offer strong 2-year transplanted plants of our own growing. 3 for 65c; 12 for \$2.25; 50 for \$7.75; 100 for \$14.75.

Regel or Fern Privet

S1161—A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense, the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. Strong 2-year plants. Each 45c; 3 for \$1.25; 12 for \$4.75.

S1162—Extra large 3-yr. plants: Each 60c; 3 for \$1.75; 12 for \$6.50.

DWARF NINEBARK

Dwarf Ninebark

S1068—An outstanding dwarf shrub suitable either for specimen plants or hedges. Can be kept to any desired height from 2 ft. to 4 ft. tall. It has a bushy growth and is well supplied with foliage so makes a very dense hedge. Very hardy and not bothered by insects. Foliage turns brilliant red and yellow in the fall. Select 2-yr. field grown plants: 3 for 95c; 12 for \$3.65; 25 for \$7.00.

Harvey Evans, Okla.—Your shrubs and seeds are the best I have ever planted. They grow 100%.

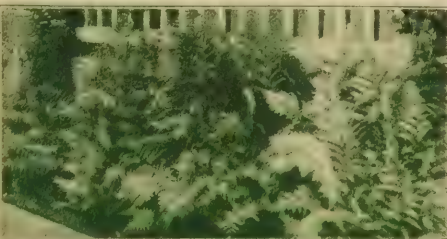

Mrs. Oscar Dehne, Ill.—Shrubs received from you were strong plants, the best I've ever had from any nursery.

GOLDEN ELDER

Golden Elder

S1106—A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Extra strong 2-yr.; Each 65c; 3 for \$1.75.

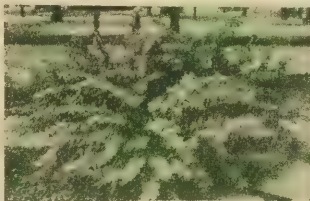

HARDY FERNS

Japanese Barberrry

Color Wonderfully in the Fall

S1060—One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold; during the winter they are covered with bright red berries. This variety does not spread rust. Strong bushy 2-yr. plants. Each 50c; 12 for \$4.00; 25 for \$7.25.

REGEL PRIVET

Mrs. Edith Sharp, Wis.—My order of shrubs arrived in excellent condition, am well pleased so am ordering another dozen.

CHINESE ELM HEDGE

Chinese Elm Hedge

S1078—These are the same as regular Chinese Elm except that they are heavily branched from the ground up and grown especially for anyone wishing a thick hedge or an effective windbreak. For a hedge set the plants 3 to 4 ft. apart; for windbreaks 5 to 6 ft. Do not confuse our plants with seedlings that are often offered at low prices, as the ones we offer will give you results at once, while seedlings require 3 to 4 years. Strong 2-year 3 to 4 ft. 3 for \$1.25; doz. \$4.00.

GOLDEN MOCK ORANGE

Golden Leaved Mockorange

One of the Best Golden Leaved Shrubs.

S1152—It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy, and grows to a height of 4 to 5 ft. Each 85c; 3 for \$2.25.

Hardy Ferns

P1745—Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U. S. Full cultural instructions sent with each order. Extra Large Plants: 3 for 95c; 6 for \$1.75; doz. \$3.25.

E. B. Vale, Va.—Just received my order of shrubs and am well pleased with them, the nicest shrubs I ever received.

Jung's

Giant Red Peony

P1790—If you can have but one Peony plant, let it be this grand variety. Flowers are very large, fully double and bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony when in full bloom will make a grand sight on your lawn or in your garden. Strong 3 to 5 eye plants. Each 75c; 3 for \$2.00.

GIANT FANCY IRIS

Jung's Giant Fancy Iris

P1450—This assortment of Iris is made up for those who want something really good at a low cost. It is made up from select named varieties, many of which sold for 50c to \$1.00 each only a few years ago. For size, beauty and colors they are all that can be desired. They are hardy, easy to grow and will increase in size and beauty for a long time. Strong select plants: 3 for 75c; 6 for \$1.35; doz. \$2.50; 25 for \$4.75.

FREE SEEDS—See Page 3

Snowberry

A Shrub For Shady Places

S1256—A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. Strong, bushy plants: Each 60c; 3 for \$1.60; 12 for \$5.75.

Protect Your Shrubs & Evergreens

by spraying with "RIDZ". Easy to use and guaranteed to give satisfaction. 12 oz. "Push-Button" Can only \$1.49 postpaid.

PUSSY WILLOW

JUNG'S GIANT RED PEONY

HANSEN BUSH CHERRY

Clay Keyser, Mont.—The shrubs you sent us are the best we ever bought.

Hansen Bush Cherry

A Beautiful Useful Hardy Ornamental Shrub

S1073—A beautiful hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies and jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. Strong 2-year field-grown plants. Each 65c; 3 for \$1.75; doz. \$5.75.

LILY OF THE VALLEY

Lily of the Valley

P1750—The Lily of the Valley is well known and will thrive and produce the handsome fragrant flowers during spring and early summer. It does unusually well in shaded places, especially on the north or east of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. 6 for 40c; 12 for 75c; 50 for \$3.00.

Pussy Willow

S1164—A highly improved variety that has created a sensation wherever shown. Branches of it have sold during winter months for \$1.50 per doz. You can grow them on your lawn or back yard very easily; excellent for screens or backgrounds. Cut off the end of the branches in February or March, place them indoors in a vase of water and soon the large silvery pink catkins, 1 to 2 in. long, will unfold. Will grow to a height of 8 to 10 ft. Very hardy plants well supplied with attractive foliage. Select 2-3 ft. plants. Each 65c; 3 for \$1.75.

CRIMSON KING MAPLE

Crimson King Maple

S1140—(Plant Patent No. 735)—An outstanding and beautiful shaped shade tree that holds its bright red color throughout the season. A fine tree for cities as it is hardy, long lived and withstands smoke, gases and dust. This distinctive tree will be the focal point of your yard. 3-4 ft. size by parcel post. Each \$2.50; 3 for \$7.25.

C. A. Nostrandt, Mich.—Received trees and vines in fine condition.

MORaine LOCUST

Moraine Locust

Fast Grower. Very Hardy. No Insects or Disease. Very Clean and No Mess on Lawns.
(Plant Patent No. 836)—New fast growing shade tree that does much better than other trees under adverse conditions such as heat, drought, and cold. It is thornless and seedless so leaves no messy lawn. The wonderful foliage will allow light to penetrate so you can get a nice lawn around these trees. Hardy, easily established, long lived and rapid in growth. Will add beauty and value to your home.
S1145—3 to 4 ft. each \$2.50; 3 for \$7.25 postpaid.
S1146—6 to 8 ft. branched and heavily rooted trees: Each \$4.25; 3 for \$11.25, not prepaid, too long for mailing.

WEeping WILLOW

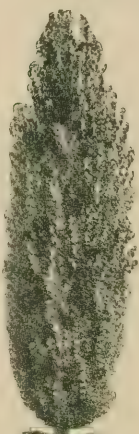

Weeping Willow

S1277—A graceful tree that grows to large size, is very hardy and will grow in either moist or dry ground; is also a rapid grower. The long, slender drooping branches are well supplied with narrow green leaves. The bright golden yellow bark is very effective in landscape even when not in leaf. 3-4 foot trees. Each 60c; 3 for \$1.60.

Aristocratic Shade Trees

Bolleana Poplar

S1139—A popular and beautiful landscape tree that resembles the Lombardy Poplar in shape but is much harder and longer lived. Has beautiful deeply lobed foliage which have a silver facing that gives them a beautiful silver-green flash in the breezes. Widely used for street as well as for screen and background planting. Select 3 to 4 ft. trees: 3 for \$2.00; 12 for \$6.50 postpaid.

BOLLEANA POPLAR

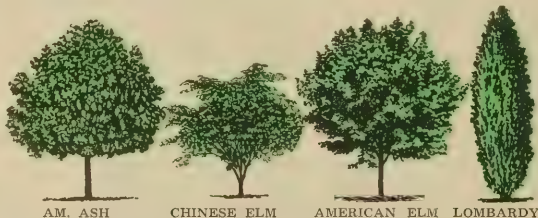

Mountain Ash

A hardy, medium-sized tree of unusual beauty with graceful, fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright showy red berries. Foliage turns to beautiful orange and red in the fall. An unusually fine ornamental and shade tree. **S1147**—Select 3 to 4 ft. trees: Each \$1.00; 3 for \$7.75 postpaid.
S1148—Select 5 to 6 ft. trees: Each \$1.95; 3 for \$5.25. Not prepaid, too long for mailing.

MOUNTAIN ASH

E. Wietecha, Ill.—Shrubs and Evergreens purchased from you proved very satisfactory.
Fred W. Stadel, Ill.—Received our Evergreens in good condition so are ordering more.

AM. ASH

CHINESE ELM

AMERICAN ELM

LOMBARDY

Shade Trees at Bargain Prices

These trees will grow to a height of 15 to 20 ft. in a few years, they will also increase the value of your property far more than their cost. When setting out trees they should be staggered in the rows so as to more effectively check the wind and snow.

S1054—AMERICAN ASH — A very hardy, rugged and easily transplanted tree. Grows very rapidly and makes a well shaped tree without any trimming. 3 to 4 ft. trees: 3 for \$1.45; 12 for \$4.00 postpaid.

S1056—AMERICAN ELM—A beautiful and majestic tree for lawn, park or windbreak. Very popular and widely used as it is long-lived, hardy and graceful in shape. 3 to 4 ft. trees: 3 for \$1.50; 12 for \$4.25, postpaid.

S1077—CHINESE ELM—One of our fastest growing trees, sometimes making a growth of 4 to 6 ft. in a single season. A graceful, hardy, quick-growing tree that can stand excessive heat, drought and bitter cold. 3 to 4 ft. trees: 3 for \$1.50; 12 for \$3.95 postpaid.

S1138—LOMBARDY POPLAR — A widely used slender-growing tree suitable for planting along drives and boundary lines; also useful for windbreaks and tall screen hedges. Well supplied with bright green foliage with silvery appearance on under side. Makes a rapid growth and is very hardy. Strong transplanted 4-5 ft. trees: 3 for \$1.20; 12 for \$4.25, postpaid.

WHITE BIRCH

The Beautiful WHITE BIRCH

S1280—White Birch are a very hardy tree and will grow to a height of 25 to 30 ft. an are especially attractive if 3 or 4 trees are planted in a triangle or square shape planting the trees about 10 to 12 in. apart. After they are planted a few years the bark will turn white and remain that way throughout the year. The bright green foliage turns an attractive golden yellow in the fall. You will be delighted to have a few of these trees on your lawn. 3 to 4 ft. trees: Each 65c; 3 for \$1.75; 6 for \$3.25 postpaid.

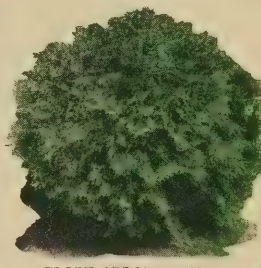

PFITZER JUNIPER

Evergreens

The Evergreens we send out are not seedlings but are select field grown plants that have been transplanted 2 and 3 times and are well supplied with an abundance of roots. We send out only young vigorous stock that will soon grow into fine specimens. We send these out at the proper time for planting, both tops and roots are especially treated and will be packed in a special moss that keeps the roots moist.

Pfitzer Juniper

A low growing dark green variety ideal for planting in front of tall evergreens or shrubs, at corners of lots, rock gardens etc. Will grow 4 to 5 ft. spread but may be kept trimmed as desired. Select 12-15 in. specimens: Each \$1.50; 3 for \$4.25; 12 for \$14.75.

GLOBE ARBORVITAE

Siberian Globe Arborvitae

An unusually hardy low or globe Arborvitae useful for planting on each side of entrances or wherever a low growing evergreen may be required. Can be kept trimmed to any height or shape desired. The foliage is dark-green, very thick and heavy. Select 9-12 in. specimens. Each \$1.20; 3 for \$3.00; 12 for \$11.00.

BLACK HILLS SPRUCE

PYRAMIDAL ARBORVITAE

Pyramidal Arborvitae

This is the most popular and widely planted Arborvitae as it grows upright and can be used in so many places, it has been selected for its rich green color and slender, erect form of growth. Will grow to a height of 15 to 20 ft. but can be kept lower and compact by trimming. Select 12-15 in. specimens: Each \$1.50; 3 for \$4.25; 12 for \$15.25.

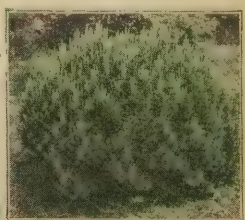

COLORADO SPRUCE

Colorado Spruce

The most popular and beautiful of all evergreens, very hardy and drought resistant. These handsome silvery-green trees grow to a height of 30 to 40 ft. Growth is compact and always perfect in shape. Select 9-12 in. specimen trees: Each \$1.25; 3 for \$3.50; 12 for \$11.50.

Black Hill Spruce

A very popular and widely planted variety noted for its hardiness and drought resistance. Grows a very dense well shaped tree and is well suited for planting on the lawn, as a windbreak or wherever a large tree can be used. Select 12-18 in. trees: Each \$1.50; 3 for \$4.00; 12 for \$13.50.

MUGHO PINE

Mugho Pine

The popular low growing dwarf Pine being compact and round in shape. Will grow to a height of 5 to 6 ft. but can be kept trimmed to any height desired. The new growth has the appearance of candles at the end of each branch. One of the most popular and widely planted ornamental Pines. Select 8-10 in. specimens: Each \$1.20; 3 for \$3.10; 12 for \$11.25.

Front Entrance EVERGREEN PLANTING

2 Pyramidal Arborvitae 12-15 in.
2 Pfitzer Juniper 12-15 in.
2 Globe Arborvitae 9-12 in.
Above Six Select Evergreens for \$7.50.

Jung's Fancy Lawn Grass

Jung's Fairfield Special Mixture

Always Grows, Always Thrives, Hardy Deep Velvety Green, Sure to Please.

G255—Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It is sold at quarts of White Clover, or Red Timothy or other cheaper grass seed Nothing better to be had. **Lb. \$1.10; 5 lbs. \$5.25; 10 lbs. \$9.95.**

SHADY SPOT LAWN GRASS

G256—This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. Lb. \$1.25; 5 lbs. \$5.75.

FANCY WISCONSIN WHITE CLOVER

G258—For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. Fancy Seed. ¼ lb. 40c; ½ lb. 70c; 1 lb. \$1.35; 5 lbs. \$6.45.

Merion Bluegrass

G257—The outstanding new lawn grass, produces a thick, deep turf that feels like a rug and grows so dense that it will crowd out most weeds. As it spreads from roots and stools not so much seed is required, 1½ lbs. per 1,000 square feet is sufficient. ½ lb. \$2.25; lb. \$4.25.

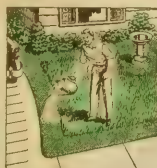

SUMMER HYACINTH

Summer Hyacinth

B912—A species of Hyacinth which blossoms for a long period of time during the summer. The bulbs produce stalks 3 to 5 ft. tall, with spikes of pure white flowers 2 ft. in length. The flowers are thimble-shaped and very much resemble Yucca blossoms. Bulbs planted in the spring will be in flower from July to October. Very useful for cemetery plantings and for centers of flower beds. Extra large bulbs: 3 for 60¢; doz. \$2.10.

Stop-GRASS

The Chemical Lawn Trimmer

spring! Contains wonderful, new, Maleic Hydrazide developed by U. S. Rubber Co. Safe and easy to use.

1½ oz. (for 400 sq. ft.)\$1.00 4 oz. (for 1100 sq. ft.) ...\$2.25
1 lb. (for 4400 sq. ft.)\$6.95

A. C. P. Crabgrass and Chickweed Killer

M50—This is a new and more effective crab-grass and chickweed killer, on our own premises it proved out to be one of the best remedies for these troublesome weeds. It will also rid your lawn of all broad leaf weeds like dandelions, plantain, purslane, thistles, etc., without killing the grass or clover, usually one or two applications will clean up your lawn, easy to apply and not dangerous. 6½ oz. can (enough for an ordinary lawn) \$1.75; 7½ oz. can \$3.75.

The Old Favorite Bleeding Heart

GIANT BLEEDING HEART

P1704—An improved type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery; also used quite extensively for cutting or bouquets. Does equally well in sun or shade. Each 60¢; 3 for \$1.50.

OLYMPIC HYBRID LILY

Olympic Hybrid Lily

Giant Trumpet-Shaped Blooms. Beautiful Colors
Easy to Grow. Sure to Bloom. Will Increase in
Size and Beauty and Once Planted Will Last for
Years.

B397—A magnificent new hardy Lily noted for its great vigor, size and beauty. Clusters of blooms are produced on stalks 5 to 6 ft. tall and bloom for several weeks. As these are grown from seed there will be a pleasing variation in color, some icy green, some creamy yellow and some in shades of pink. Plant in well drained location and cover 5 to 6 in. deep. Select Bulbs which will bloom this season. Each 40¢; 3 for \$1.10; 12 for \$3.75.

Mrs. E. S. Burroughs, Va.—The Gladioli and Lily Bulbs I received from you are the nicest bulbs I have ever bought. I cannot praise your flower and vegetable seeds too much.

Gladioli BARGAINS

As you no doubt know all good Gladioli bulbs are propagated from bulbs. Usually we require all the bulbs we produce for our own use. However, this season has been unusually favorable and we have produced a large bulb but under good care some of these will bloom the first year. Usually it requires 2 years to produce a large bulb but under good care some of these will bloom the first year. Instructions on how to plant are on each packet.

Each packet (200 BULBETS) 15c
Each packet 25c

B897—OLYMPIC HYBRID LILY

The Superb Olympic Hybrid Lily

B897—A magnificent new hardy Lily noted for its great vigor, size and beauty. Clusters of bloom are produced on stalks 5 to 6 ft. tall and bloom for several weeks. As these bulbs are grown from seed there will be a pleasing variation in color, some icy green some creamy yellow and some in shades of pink. Plant in well drained location and cover 5 to 6 in. deep. Select Bulbs which will bloom this season. Each 40c; 3 for \$1.10; 12 for \$3.75.

B889—MAXWILL LILY

B877—ANCEL or MAGIC LILY

B895—MEXICAN LILY

Hardy Outdoor Lilies

The Lilies offered below are all hardy varieties which do not require digging and storing but after once being planted will increase in size and beauty year after year. All the Lilies we offer are large, select, 2 yr. bulbs which will bloom profusely this summer. Do not confuse these with planting size bulbs often offered at low prices but which often do not bloom until the 2nd or 3rd year after planting.

B900—REGAL LILY

The Beautiful Regal Lily

B900—A magnificent new Lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. We offer large, 3-yr. blooming bulbs which should not be confused with small sizes offered at low prices. Each 30c; 3 for 75c; doz. \$2.75.

The Showy Maxwell Lily

B889—A grand hardy Lily that combines hardness, vigor and rare beauty, sure to attract attention with its bright orange-red flowers. Grows wiry stalks four to five ft. tall and will have as many as 15 to 20 blooms on a stalk. Especially showy when planted among Olympic or Regal Lilies. Each 40c; 3 for \$1.10; 12 for \$3.50.

Angel or Magic Lily

B877 — A grand summer flowering bulb, producing with great freedom large Amaryllis-like pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in October and after a few weeks rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine Lily. Each 35c; 3 for \$1.00; doz. \$3.25.

B898—MONTBRETIA

Hyperion Yellow Day Lily

B887—A grand hardy yellow lily that needs no protection and will bloom profusely in either full sun or shade. Immense blooms of canary yellow are borne in great numbers on stems 3 to 3½ ft. tall. Excellent for cutting and remains in flower for weeks. Each 40c; 3 for \$1.10; doz. \$3.50.

Mrs. J. T. Jorgenson, Nev.—Your plants and seeds are very satisfactory. The Regal Lilies are beautiful.

E. Behrman, Wis.—We are well pleased with the results from your seed. The flowers sure are beautiful. Our Yellow Day Lily gets "Ohs" and "Ahs" and the shrubs we got with the order get prettier every year.

Giant Earlimont Montbretias

B896—Montbretias are profuse bloomers and one of the most showy summer flowering bulbous plants. They produce graceful spikes 10 to 18 in. long each spike bearing 15 to 20 beautiful star shaped flowers 2 to 3 in. across. The bulbs we offer are the new improved strain being generally much taller and robust in growth and having flowers of great size and beauty. Select Bulbs: 3 for 50c; 6 for 90c; 12 for \$1.75.

B878—FAIRY LILY

Fairy Lilies or "Summer Crocus"

B878—(Zephyranthes) These easily grown bulbs produce an abundance of very dainty and pretty flowers and are suitable for either pot or outdoor planting. For best display plant 3 to 4 bulbs in a pot, outdoors plant in clumps of 3 to 6 bulbs. They grow to a height of 6 to 8 in. and bloom over a long period. Fancy Mixed Bulbs: 6 for 75c; 12 for \$1.35.

Mexican Lily or Tigridia

B895 — The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. 3 for 35c; 6 for 60c; doz. \$1.10.

Mrs. A. M. Limpus, Mont. — Have been buying seeds, bulbs, and plants from you for over 25 years and everything has been fine.

Mrs. W. B. Buchanan, Va.—Bulbs received from you are very nice.

Fancy Outdoor Chrysanthemums

Easy to Grow. Sure to Bloom. A Mass of Color and Beauty When all other Flowers are gone.

The varieties listed below have been selected for size of flowers, beauty of color and profusion of bloom. We send out strong field grown plants which will bloom from August until heavy frosts. These will provide you with an abundance of beautiful flowers at a time of the year when most other flowers are scarce. Our select plants will produce an abundance of flowers for either beds or bouquets.

P1720—ALGONQUIN—One of the best yellow "Mums", producing pure, bright yellow flowers 3 in. across. Tall and vigorous.

P1725—CHRIS. COLUMBUS—A vigorous grower and profuse bloomer. The large double flowers are ivory white and excellent for cutting.

P1723—DR. LONGLEY—A bright rose-pink and the best in this color. Blooms early, a husky grower and profuse bloomer.

P1722—HARBINGER—A grand and glorious bronze with the rich coloring of fall Maples. The large flowers make beautiful bouquets.

P1721—HUNTSMAN—Vivid and brilliant, bright scarlet overlaid orange-bronze. The 2½-3" blooms are borne on long sturdy stems.

P1724—OLIVE LONGLAND—Large double blooms combining apricot and pink shade. Vigorous plants are a mass of bloom over a long period of time.

B852—GIANT HYBRID AMARYLLIS

Summer Flowering Bulbs

Giant Hybrid Amaryllis

B852—We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant flowered Amaryllis. The bulbs we offer are a most select strain, large bulbs that often produce two stems with from two to four giant blooms of most perfect form. Colors range from white through various shades of rose, red, and deep crimson, but as they are hybrids we cannot send specified colors; however, most of them are dark rich colors. Will bloom in six to eight weeks after planting. Extra Large Bulbs which will produce 8 to 12 Blooms. Each 50c; 3 for \$1.40; 12 for \$5.25.

B854—DOUBLE TUBEROUS BEGONIAS

Fancy Double Tuberous Begonias

Unexcelled as a Flowering Plant for either Pots or Indoor Planting.
Easy to Grow and Sure to Bloom.

Will Give You Color and Beauty in Shady Places.

B854—The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. Extra large bulbs that will bloom profusely. Apricot, Orange, Red, Rose, White and Yellow: Each 25c; 3 for 70c; 12 for \$2.50. Fancy Mixed (no two alike) 3 for 65c; 6 for \$1.25.

B855—CARNATION FLOWERED BEGONIAS

FLOWERING BULB COLLECTION

6 Select Blooming Size Bulbs as Follows for \$1.60.

- 1 Giant Hybrid Amaryllis
- 3 Tuberous Rooted Begonias (all Different)
- 1 Giant Fancy Gloxinia
- 1 Yellow Spotted Calla

All of the above may be planted in pots and will bloom in 6 to 8 weeks after which they may be set outside. The Begonias and Gloxinias will bloom until fall frosts.

Spotted Leaf Callas

The most satisfactory Callas to grow either in pots or in the garden as they are easy to grow and sure to bloom. Foliage is deep green with creamy white spots. We can supply either yellow or white flowering; always state color wanted. Blooming size bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.

B-880—White
B-882—Yellow

Pink Calla

B881—A grand Calla with bright pink flowers and exquisite flowering plants you can grow. Will grow and bloom freely like any other callas. Blooms are sweet scented and gems of beauty. Blooming size bulbs: Each 40c; 3 for \$1.10.

CALLA COLLECTION

B885X—One select blooming size bulb of each Pink, White and Yellow Calla for \$1.00. 3 of each for \$2.90.

H. Earl, Md.—Received my bulbs and am very much pleased with them. You are one of the few firms which advertise and also send out large bulbs.

B856—CALADIUMS

Fancy Leaved Caladiums

B856—Few flowers in bloom will attract more attention than the foliage of these grand Caladiums. Not difficult to grow. They will delight you with their rare beauty and charm. May be grown as pot plants or in partially shaded beds outdoors. As the bulbs are very tender we do not ship them until about the end of March. Large Select Bulbs: 3 for \$1.00; 6 for \$1.85. (All different colors)

Giant Carnation Flowered Begonias

B855—These grand Tuberous Rooted Begonias grow the same as the Camellia type but are different in the type of bloom. Individual flowers are 5 to 8 in. across, very double, and resemble carnations only so much larger in size. Will commence to bloom in 6 to 7 weeks after planting and then continue to flower for many weeks. May be grown either as pot plants or planted in shaded areas outside where they will bloom from early summer until frost. Extra Select Bulbs: Each 35c; 3 for \$1.00; 12 for \$3.00.

B875—GLOXINIA

Giant Fancy Gloxinias

B875—Our bulbs will produce large, velvety flowers, and being well supplied with large downy leaves, the contrast makes one of the most popular and desirable house plants. They are easy to grow and by planting bulbs at intervals may be had in bloom all season. Bulbs may be used again after they have bloomed. Full instructions on planting and care of bulbs will be sent with every order. Large Select Bulbs: Each 35c; 3 for \$1.00; doz. \$3.25.

Giant Hybrid Ranunculus

B910—The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers, 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. Extra select bulbs, in mixed colors: 6 for 50c; 12 for 90c; 100 for \$5.50.
